3. We received the following question:

Q: Is it possible to submit a price as an AV contractor only? Meaning the electrical, and other contracting responsibilities would not be included in our price. We would gladly work with the other trades for the common goal but not be acting as the GC.

A: You can feel free to submit a proposal as an AV contractor only, however; what we are really looking for is the AV Contractor to take the lead on the project and coordinate the subs.
