Questions and Answers regarding ITB NKU-17-2022 – All answers are in BLUE

1. Whether companies from Outside USA can apply for this?

Sure, but they will be limited in services that are able to provide due to legalities around interpreters having to be licensed in the state of KY in order to interpret for us. They may be able to do captioning though.

(like, from India or Canada)

2. Whether we need to come over there for meetings?

As long as they are choosing remote only, they would never need to be here in person for meetings.

3. Can we perform the tasks (related to RFP) outside USA?

Same as the first answer, but again they would need to be able to log on during our times that are needed for classes and for interpreting be licensed in the state of KY.

(like, from India or Canada)

4. Can we submit the proposals via email?

No, please mail in bid as outlined in the ITB.
