Addendum No: 2 ITB: NKU-22-2022 Asphalt Paving Question & Answer in RED

Will we be able to shut down both lots to complete our work? Or will we need to finish one and then start the other?

The parking garages can be accessed from the lower levels.

The bus loop will be rerouted

Lot D a crossed from the welcome center and parking services holds a lot of vehicles. It has two entrances. If we could limit one of the accesses at a time, that would be helpful.
