ADDENDUM NO:	1
IFB/RFP No:	NKU-30-2022
Project /Commodity:	Roadway Lighting
Date:	7/21/2022
Due Date:	7/29/2022

BIDDER/RESPONDER SHALL CONFORM TO THE FOLLOWING CHANGES AS SAME SHALL BECOME BINDING UPON THE CONTRACT TO BE ISSUED IN RESPONSE TO THIS INVITATION FOR BID.

1. Attached Sign-in sheet from pre-bid meeting.
2. Bids are due @ 2 PM on 7/29/2022
3. Questions and answers:

- Does contractor need to provide the banner clamps/holders on the poles?

No- NKU just asks that the poles & base are rated for the wind load of banners.

Are there any as builds available

NO

- Does the contractor or NKU mark the underground lines?

It is the responsibility of the contractor to do this.

- Are there any explicit liquidated damages in the contract? Needed for bid bond.

There is no specific dollar amount of liquidated damage amount called out in contract.

- Can cut sheets for each desired pole on the project be provided.

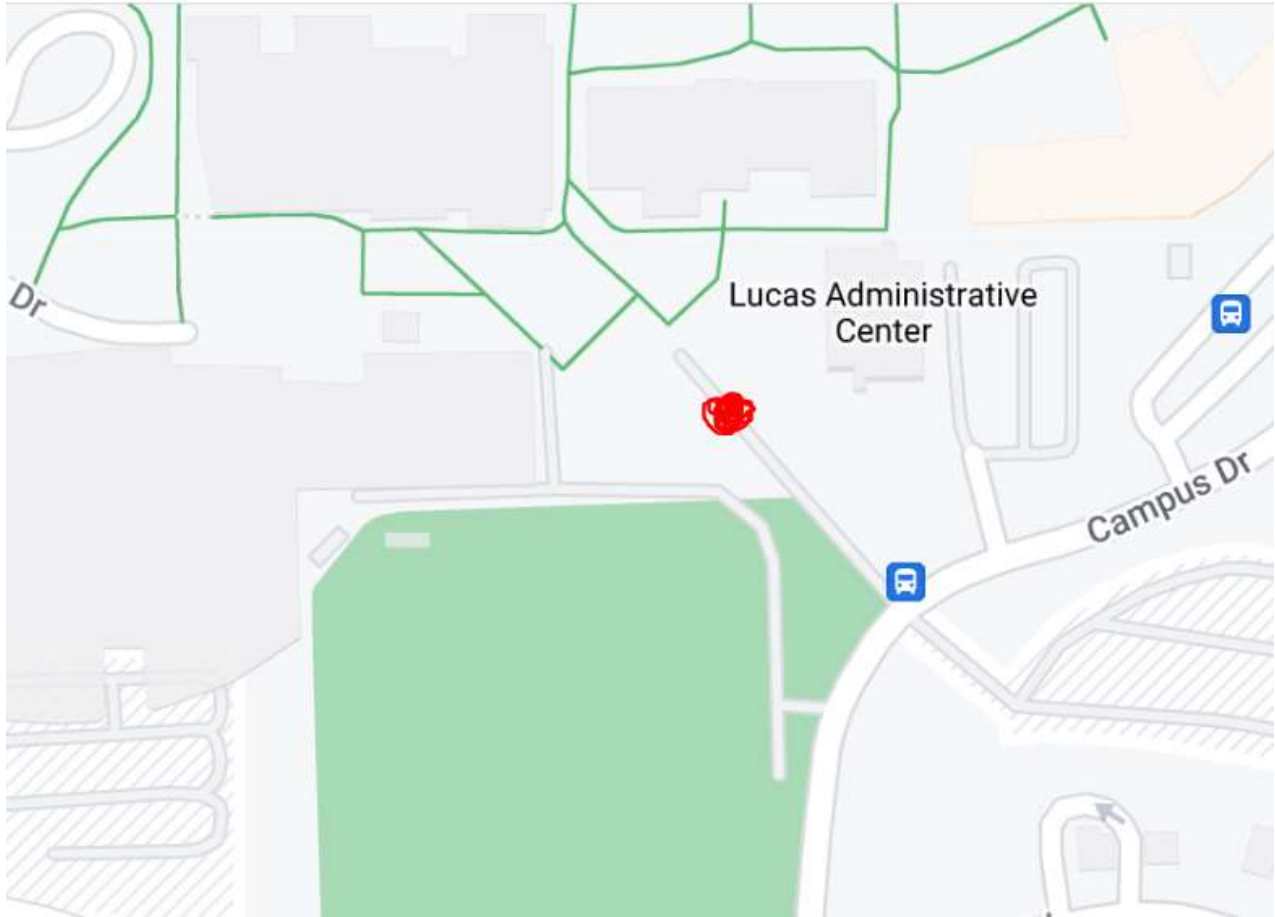

There is no specific pole MFG cutsheet called out. NKU requires that the pole be tapered and meet the specifications for load/wind etc. as called out in pages 19-22 of the Bid document. The spec requires a pole that can accept the additional potential wind load of hanging of a banner - that is similar to the banner in Attachment B. See Note D on page 19 of bid document and Note E on 1st page of Attachment B for additional information.

- Can you please verify the location of the single pole fixture that is to be removed? It appears the description in Attachment A, section L, titled Lucas Admin Center, does not correlate with what is shown on the map.

See the corrected map below the Red mark shows the location

- Are there any As-Built drawings available for the existing underground lighting circuits/conduits?

There are no as-build drawings available; the NKU electrical staff will be on hand to assist with circuit breaker location.
