Project /Commodity: Hazardous Waste Disposal

Date: 12/8/2022

Due Date: **1/5/2023 @ 2PM**

BIDDER/RESPONDER SHALL CONFORM TO THE FOLLOWING CHANGES AS SAME SHALL BECOME BINDING UPON THE CONTRACT TO BE ISSUED IN RESPONSE TO THIS INVITATION FOR BID.

Response to Questions:

1. Can you provide us with the name of the incumbent contractor and their current pricing to NKU?

We do not provide competitor pricing during the RFP process. The previous annual weight quantities have been provided to help make an assessment on pricing. The current service provider is Veolia.

2. Can you provide the container sizes for the non-lab pack items?

Most of the waste generated on site is contained in 4L bottles. The remaining waste is in a variety of sizes, but typically 4L is the largest with the exception of an occasional 35 gallon drum.

3. We would like to request a one week extension of the proposal deadline due to the upcoming holidays.

Extra time was given on this RFP to accommodate the holidays.
