RFP – NKU-12-19

RETURN ORIGINAL COPY OF PROPOSAL TO:

Northern Kentucky University Procurement Services I Nunn Drive 617 Lucas Administrative Center Highland Heights, KY 41099

IMPORTANT: BIDS MUST BE RECEIVED BY: 12/14/2018 BEFORE 2:00 P.M. HIGHLAND HEIGHTS, KY time.

NOTICE OF REQUIREMENTS

- 1. The University's General Terms and Conditions and Instructions to Bidders, viewable at http://procurement.nku.edu/policies/terms-and-conditions.html, apply to this Request for Proposal.
- 2. Contracts resulting from this RFP must be governed by and in accordance with the laws of the Commonwealth of Kentucky.
- 3. Any agreement or collusion among Offerors or prospective Offerors, which restrains, tends to restrain, or is reasonably calculated to restrain competition by agreement to bid at a fixed price or to refrain from offering, or otherwise, is prohibited.
- 4. Any person who violates any provisions of KRS 45A.325 shall be guilty of a felony and shall be punished by a fine of not less than five thousand dollars nor more than ten thousand dollars, or be imprisoned not less than one year nor more than five years, or both such fine and imprisonment. Any firm, corporation, or association who violates any of the provisions of KRS 45A.325 shall, upon conviction, may be fined not less than ten thousand dollars or more than twenty thousand dollars.

AUTHENTICATION OF BID AND STATEMENT OF NON-COLLUSION AND NON-CONFLICT OF INTEREST

- I hereby swear (or affirm) under the penalty for false swearing as provided by KRS 523.040: 1. That I am the offeror (if the offeror is an individual), a partner, (if the offeror is a partnership), or an officer or employee of the bidding corporation
- having authority to sign on its behalf (if the offeror is a corporation);
- That the attached proposal has been arrived at by the offeror independently and has been submitted without collusion with, and without any
 agreement, understanding or planned common course of action with, any other Contractor of materials, supplies, equipment or services described
 in the Request for Proposal, designed to limit independent bidding or competition;
- 3. That the contents of the proposal have not been communicated by the offeror or its employees or agents to any person not an employee or agent of the offeror or its surety on any bond furnished with the proposal and will not be communicated to any such person prior to the official closing of the RFP:
- 4. That the offeror is legally entitled to enter into contracts with the Northern Kentucky University and is not in violation of any prohibited conflict of interest, including those prohibited by the provisions of KRS 45A.330 to .340, 164.390, and
- 5. That the Offeror, and its affiliates, are duly registered with the Kentucky Department of Revenue to collect and remit the sale and use tax imposed by Chapter 139 to the extent required by Kentucky law and will remain registered for the duration of any contract award
- 6. That I have fully informed myself regarding the accuracy of the statement made above.

SWORN STATEMENT OF COMPLIANCE WITH FINANACE LAWS

In accordance with KRS45A.110 (2), the undersigned hereby swears under penalty of perjury that he/she has not knowingly violated any provision of the campaign finance laws of the Commonwealth of Kentucky and that the award of a contract to a bidder will not violate any provision of the campaign finance laws of the Commonwealth of Kentucky.

CONTRACTOR REPORT OF PRIOR VIOLATIONS OF KRS CHAPTERS 136, 139, 141, 337, 338, 341 & 342

The Contractor by signing and submitting a proposal agrees as required by 45A.485 to submit final determinations of any violations of the provisions of KRS Chapters 136, 139, 141, 337, 338, 341 and 342 that have occurred in the previous five (5) years prior to the award of a contract and agrees to remain in continuous compliance with the provisions of the statutes during the duration of any contract that may be established. Final determinations of violations of these statutes must be provided to the University by the successful Contractor prior to the award of a contract.

CERTIFICATION OF NON-SEGREGATED FACILITIES

The Contractor, by submitting a proposal, certifies that he/she is in compliance with the Code of Federal Regulations, No. 41 CFR 60-1.8(b) that prohibits the maintaining of segregated facilities.

RECIPROCAL PREFERENCE

(1) Prior to a contract being awarded to the lowest responsible and responsive bidder on a contract by a public agency, a resident bidder of the Commonwealth shall be given a preference against a nonresident bidder registered in any state that gives or requires a preference to bidders from that state. The preference shall be equal to the preference given or required by the state of the nonresident bidder.

(2) A resident bidder is an individual, partnership, association, corporation, or other business entity that, on the date the contract is first advertised or announced as available for bidding:

(a) Is authorized to transact business in the Commonwealth; and

(b) Has for one (1) year prior to and through the date of the advertisement, filed Kentucky corporate income taxes, made payments to the Kentucky unemployment insurance fund established in KRS 341.490, and maintained a Kentucky workers' compensation policy in effect. (3) A nonresident bidder is an individual, partnership, association, corporation, or other business entity that does not meet the requirements of subsection (2) of this section.

(4) If a procurement determination results in a tie between a resident bidder and a nonresident bidder, preference shall be given to the resident bidder.

(5) This section shall apply to all contracts funded or controlled in whole or in part by a public agency.

(6) The Finance and Administration Cabinet shall maintain a list of states that give to or require a preference for their own resident bidders, including details of the preference given to such bidders, to be used by public agencies in determining resident bidder preferences. The cabinet shall also promulgate administrative regulations in accordance with KRS Chapter 13A establishing the procedure by which the preferences required by this section shall be given.

(7) The preference for resident bidders shall not be given if the preference conflicts with federal law.

(8) Any public agency soliciting or advertising for bids for contracts shall make KRS 45A.490 to 45A.494 part of the solicitation or advertisement for bids

NOTICE OF ADVERTISMENT

Brief Summary

NKU is seeking proposals for an examination of the financial statements of Northern Kentucky University and Northern Kentucky Research Foundation (NKURF) in accordance with generally accepted auditing standards and Government Auditing Standards for the purpose of issuing an independent auditor's report. The firm will report to management any inherent weakness in controls, procedures, and policies and any instances of noncompliance with applicable laws or regulations along with recommended changes.

Submittal of Proposals

The bidder shall submit, by the time and date specified via US Postal Service, courier or other delivery service, its bid response in a **sealed package** addressed to:

Blaine Gilmore Interim Director, Procurement Services Lucas Administrative Center, Suite 617 1 Nunn Drive Northern Kentucky University Highland Heights, KY 41099

NOTE: Northern Kentucky University, as an Agency of the Commonwealth of Kentucky, is subject to Kentucky's Open Records Laws (KRS 61.870-61.884). As such, a bidder's entire offer and resulting contract cannot be deemed "confidential".

Proposals submitted in response to an RFP will remain confidential throughout the evaluation process, however, after negotiations are concluded and a contract has been entered into, all proposals become a matter of public record. Bidders may mark sections of their responses as confidential if the information provided would be considered financially sensitive or trade secrets. The university will make every effort to honor such requests, but may conduct discussions with the bidders concerning the release of said information.

<u>DO NOT</u> contact the committee members relative to this project. Contacting the selection committee members may result in disqualification of the proposer. All requests for information, questions or comments relative to this project should be directed to:

- 6. Separate exit conferences will be held with:

NKU Board of Regents Audit and Compliance Committee NKU Research Foundation Audit Committee (if requested)

Also, it is expected that exit conferences will be held with major unit heads as appropriate.

C. Assistance Available to Auditor for Services in Section I.B

Workpapers, reconciliations, reports, etc. as prepared by the Comptroller's Office staff will be made available the week of August 19, 2019 for the University, and Federal Award audits and at least three weeks prior to the deadline requirement for additional

audits. A list of documents and information required from the University (Client Assistance List) must be submitted no later than 3 weeks prior to due date. All proposals should include a description of the system used to track and upload documents on the Client Assistance List.

Bidders have the option of using the internal audit staff with various aspects listed in Section I.B.5 of the NKU audit up to 200 hours of assistance. The functions to be handled by the internal audit staff should be clearly defined in the proposal. The Internal Audit staff consists of a Director and 2 auditors with significant higher education and NKU experience. Bids should clearly identify fees with and without Internal Audit assistance.

D. Optional Services

1. NKU Foundation

Audit of the Northern Kentucky University Foundation, Inc.'s consolidated financial statements for the fiscal year ending June 30, 2019, including an Auditor's Opinion Letter and Management Letter. Last year's annual financial statements prepared in accordance with Financial Accounting Standards Board (FASB) are included in Appendix 1. The Foundation also requests a proposal to prepare and sign IRS Form 990 and Form 990T. An exit conference will be required with the NKU Foundation Audit Committee.

The NKU Foundation, Inc. is a legally unaffiliated, tax-exempt organization supporting the University that qualifies as a Section 501(c)(3) institution. Please refer to the attached financial statements and footnotes for further clarification.

The NKU Foundation, Inc. administers private funds raised to supplement the other resources available to the University. The NKU Foundation utilizes the same computer system resources (where applicable) as those used by the University. A donor data base is maintained using Raiser's Edge software.

The Foundation has no employees; the University provides all staffing, operational support services and office space. Endowment pool investments are managed by third-party managers and monitored by the Foundation's independent investment advisor.

The NKU Foundation, Inc. has consistently received unqualified opinions on all financial reports. The accounting staff is familiar with the reporting requirements of GAAP and FASB pronouncements.

The NKU Foundation, Inc. trial balance will be available on approximately August 12, 2019 and the final opinion letter must be provided by September 11, 2019.

The audit committee of the NKU Foundation, Inc. will review bids for these services independently and may or may not accept the same proposal as the University.

2. IRS 990 and 990T Services

Preparation and signing of the University's IRS 990T and NKU Research Foundation's IRS 990/990T.

3. Other Optional Services

The University has an on-going need for specialized audit, accounting and tax consulting services, such as departmental reviews, consultation on accounting, debt issuance and human resources issues. It is anticipated that the offeror, as the external auditor of the University will, under this contract, have the right to provide requested services to the University on such issues.

III. Evaluation of Proposals

Proposals will be evaluated by predetermined criteria, including but not limited to:

1. Firms Expertise Overall

- Overall range of activities and services that can be provided
- Experience specifically in public higher education
- Experience at other Kentucky universities
- Experience auditing an ERP environment like SAP
- Experience with university foundation auditing (optional)

2. Expertise and experience of personnel assigned

- Staff's experience in external auditing in general
- Experience performing public higher education audits (F/S, Fed Awards, NCAA)
- Reasonableness of hours for each level of management

3. Audit plan

- Thoroughness of work plan
- Reasonableness of timetable and estimated hours
- Demonstrated plan to coordinate the audit of several entities (Foundation, Research Foundation, Federal Awards etc)

4. Size and structure of the firm

- Will the size/location promote responsiveness
- Reasonableness of on-site vs. of- site hours

5. Overall proposal evaluation

After the top candidates have been selected through the above process, offeror presentations may be arranged with any or all such candidates to assist in making the final selection.

IV. <u>Award</u>

A contract shall be awarded by Northern Kentucky University's Board of Regents to the firm that, in the opinion of the Board, has submitted the best proposal as determined by the evaluation criteria described above.

V. <u>Terms of Contract</u>

The contract resulting from this Request for Proposals will be effective from April 1, 2019 (or date of award of contract, whichever is later) through March 31, 2020 and shall cover all work associated with the 2018-19 fiscal year.

VI. <u>Renewal</u>

This contract is subject to renewal for up to three (3) additional fiscal years with the concurrence of both parties and the Legislative Research Commission. Any renewal will be on a year-to-year determination. Based on the Board of Regents current "non-repeat" requirement, the maximum audit term for any one firm is eight (8) consecutive years.

VII. <u>Price Adjustment</u>

A. Adjustment upon Renewal

The prices quoted on this proposal shall be firm throughout the life of the contract covering the fiscal year 2018-19 audit. Any requests for increases in hourly rates and/or the maximum fixed fees shall be fully documented by the successful audit firm at the time of renewal, and shall not exceed the percentage increase in the U. S. Department of Labor, Bureau of Labor Statistics Consumer Price Index (December to December).

B. <u>Change in Scope</u>

Nothing in the contract resulting from this RFP shall prohibit a renegotiation of price due to changes in auditing standards, federal, or Commonwealth of Kentucky requirements, or changes in the overall scope of the audit as requested by the University.

VIII. Additional University Information

Northern Kentucky University is a public institution within the higher education system of the Commonwealth of Kentucky. Total enrollment at the university is approximately 14,000 students and has an operating budget of \$220 million. Employment is approximately 1800 faculty and staff. The academic structure of the university consists of seven colleges:

• College of Arts and Sciences

- College of Informatics
- College of Business
- College of Health Professions
- College of Education and Human Services
- Chase College of Law
- Honors College

All University core administrative applications are primarily maintained on networked computer servers. The University utilizes SAP for its financial, human resources and student systems. Other administrative systems in use at the University are Mercury (formerly RMS) used by the Housing Office and Sigma which is used by the Office of Student Financial Assistance. All university facilities including residence halls have access to the wide area network, supported by a group of Windows servers.

NKU food, vending and bookstore services are outsourced.

NKU Research Foundation- The Research Foundation, Inc. is organized for educational purposes to support Northern Kentucky University's efforts to promote the development, implementation, and coordination of extramurally-sponsored and foundation-supported programs involving research, instruction, public service, including the administration of conservation easements, and other projects that further the mission of the University. The Research Foundation is a not-for-profit Kentucky corporation affiliated with Northern Kentucky University and is included within the University's financial statements as a blended component unit.

Uniform Guidance Single Audit- NKU had two major program in 2017-18 Student Financial Aid and Traineeship grant (IDEA).

Lease Law-The 2017-2018 Kentucky Lease Law audit identified no agreements that qualified as a capitalized lease subject to this audit requirement. At this time we do not anticipate any leases that meet the audit requirement for fiscal year 2018-19.

Northern Kentucky University also operates an arena for intercollegiate basketball games, events and meetings. This arena is owned by the University and managed by an outside contractor. NKU participates at the NCAA Division I level.

The university has consistently received unqualified opinions on all financial reports. The accounting staff is familiar with the reporting requirements of GAAP and GASB pronouncements.

IX. Special Conditions

A. Addenda/Clarifications

Any university changes to this RFP will be made by written addendum. Verbal modifications will not be binding.

B. Confidentiality

In accordance with KRS 45A.085 Competitive Negotiation, all proposals received or information derived therefrom remain confidential until a contract is awarded or all proposals are rejected.

C. Proposal Evaluation Process

All proposals received will be reviewed by the University Procurement Services office for completeness of items requested in this RFP. All complete proposal responses will be afforded equal consideration by the members of the Selection Committee as created by KRS 45A.810 and whose members are identified above. All complete proposals will be evaluated using a numerical rating system designed to afford each Selection Committee member a reasonable, individual, objective standard to equate the qualifications of the Respondents.

D. Pre-Contractual Expenses

Pre-contractual expenses are defined as expenses incurred by the respondent in:

- 1. preparing its proposal in response to this RFP;
- 2. submitting its qualifications to the university;
- 3. negotiating with the university any matter related to this submittal; or,
- 4. any other expenses incurred by a respondent prior to the date of award of a contract to the selected respondent.

The university shall not, in any event, be liable for any pre-contractual expenses incurred by the respondents in the preparation of their submittals.

E. Contract Award

Issuance of this RFP, receipt of proposals, and completion of the selection process does not commit the university to award a contract. The university reserves the right to postpone opening for its own convenience, to accept or reject any or all proposals received in response to their RFP; to negotiate with other than the selected respondent should negotiations with the selected firm be unsuccessful or terminated; to negotiate with more than one respondent simultaneously; to cancel all or part of the RFP; and to waive technicalities.

F. Electronic Responses

Electronic responses are not permitted.

- G. Foreign Corporations
 - 1. Foreign Corporations are defined as corporations that are organized under laws other than the laws of the Commonwealth of Kentucky. Foreign Corporations doing business within the Commonwealth of Kentucky are required to be registered with the Secretary of State, New Capitol Building, Frankfort, Kentucky and must be in good standing.
 - 2. The Foreign Corporate Proposer, if not registered with the Secretary of State at the time of the Bid submittal, shall be required to become registered and be declared in good standing prior to the issuance or receipt of a contract.

- 3. Domestic Corporations. Domestic corporations are required to be in good standing with the requirements and provisions of the Office of the Secretary of State.
- H. Occupational License

If accessing NKU Student, Employee, or other personal records, vendor needs Evidence Breach Response Services coverage with limits no less than \$5,000,000.

J. Personal Services Contract

 This RFP is for consulting or other personal services. Kentucky law requires a Personal Services Contract to be signed by the vendor and filed with the Legislative Research Commission in Frankfort prior to any work beginning. <u>KRS 45A.690</u> defines a Personal Service Contract as "an agreement whereby an individual, firm, partnership, or corporation is to perform certain services requiring professional skill or professional judgment for a specified period of time at a price agreed upon."

After Determination but prior to award, a Personal Services Contract will be sent to the winning offeror for signature. Please be sure to sign and return the **original** contract promptly to Northern Kentucky University. A Notice of Award will not be issued until the signed Personal Services Contract has been received by Procurement Services and filed with the Legislative Research Commission in Frankfort, KY.

2. REGARDING PERSONAL SERVICE CONTRACT INVOICING

House Bill 387 has now amended Kentucky Revised Statute 45A.695(10)(A) with the following language, "No payment shall be made on any personal service contract unless the individual, firm, partnership, or corporation awarded the personal service contract submits its invoice for payment on a form established by the committee". The Personal Service Contract Invoice Form shall be used for this purpose and for you convenience we have added fields so that it can be filled in online and printed. This form can be located on NKU's Procurement Services website at: http://procurement.nku.edu/departmental forms/PSC INVOICE FORM.pdf

CONTRACTUAL ADDENDUM

Requirement to Protect Credit Card Information

In order to ensure the security of credit card holder information and data accessed by Vendor in connection with the Agreement and this Addendum (collectively, "Cardholder Data"), Vendor hereby agrees to adhere to all applicable Payment Card Industry ("PCI") data security standards and requirements with respect to Cardholder Data, including, without limitation, the following provisions:

(i) Vendor must be compliant with the PCI Data Security Standards ("PCI DSS") compliance level 2 or better at all times. This specifically includes the annual PCI DSS Compliance Self-Assessment and the quarterly Compliant Perimeter Scan.

(ii) Vendor acknowledges and agrees that it is responsible for the security of all Cardholder Data;

(iii) Vendor acknowledges that it has no ownership interest in the Cardholder Data and that all Cardholder Data is the property of the applicable payment card brand, acquirer or merchants ("Card Company Affiliates");

(iv) Vendor shall only use Cardholder Data for assisting Card Company Affiliates in completing transactions, supporting loyalty programs, providing fraud control services or for other uses specifically required by law;

(v) Vendor represents and warrants that it has a system in place to ensure the continuity of its business and the security of all Cardholder Data in the event of a major disruption, disaster or failure;

(vi) Vendor agrees that, upon Northern Kentucky University's request in the event of a security intrusion, Vendor will provide a representative or a PCI approved third party designated by Northern Kentucky University with full cooperation and access to conduct a thorough security review, which review shall include, at a minimum, validation of Vendor's compliance with the PCI DSS for protecting Cardholder Data; and

(vii) Vendor agrees that, notwithstanding anything to the contrary in the Agreement or the Addendum, Northern Kentucky University may terminate the Agreement immediately upon notice to the Vendor in the event Vendor fails to maintain the requisite confidentiality of any Cardholder Data.

(vii) Vendor agrees to abide by Northern Kentucky University's merchant services contract. All transactions must be sent to the University's contracted merchant services provider for settlement, the use of any other processor is prohibited. This does not preclude middleware gateways such as Authorize.net, or another PCI DSS approved gateway.

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities and the discretely presented component unit of Northern Kentucky University (University), collectively a component unit of the Commonwealth of Kentucky, as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the University's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. The financial statements of Northern Kentucky University Foundation, Inc., a discretely presented component unit included in the financial statements of the University's reporting entity, were not audited in accordance with *Government Auditing Standards*.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

Board of Regents Northern Kentucky University Page 2

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of the University as of June 30, 2018, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1r. to the financial statements, in 2018 the University adopted GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, pension and other post-employment benefits information as listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the University's basic financial statements. The accompanying schedule of expenditures of federal awards as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles,* and *Audit Requirements for Federal Awards* (Uniform Guidance), as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

Board of Regents Northern Kentucky University Page 3

The schedule of expenditures of federal awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we also have issued our report dated October 5, 2018, on our consideration of the University's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the University's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the University's internal control over financial reporting and compliance.

Northern Kentucky University A Component Unit of the Commonwealth of Kentucky Management's Discussion and Analysis Year Ended June 30, 2018

Northern Kentucky University's (the University) Management's Discussion and Analysis of its financial condition provides an overview of the financial performance of the University and its affiliated corporations for the year ended June 30, 2018, with selected comparative information for the year ended June 30, 2017. This discussion has been prepared by management and should be read in conjunction with the accompanying financial statements and notes.

As a public comprehensive university located in a major metropolitan area, the University delivers innovative, student-centered education and engages in impactful scholarly and creative endeavors, all of which empower our graduates to have fulfilling careers and meaningful lives, while contributing to the economic, civic, and social vitality of the region.

Financial Highlights

At June 30, 2018, the University's liabilities totaled \$533.7 million compared to the previous year's \$441.8 million. This \$91.9 million increase in liabilities is attributable, in part, to the recognition of the University's proportionate share of the net liability related to the post employment health insurance coverage provided through the Kentucky Employees Retirement System (KERS) in accordance with Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* (GASB 75). GASB 75 requires governmental employers participating in a cost-sharing plan to recognize their long-term obligations for other post-employment benefits (OPEB) as a liability on their financial statements for the first time. As a participating employer in the KERS, the University reported a net OPEB liability of \$59.5 million as of June 30, 2018, in addition to a net pension liability of \$315.9 million. The cumulative impact of the pension and OPEB reporting changes, the University's unrestricted net position as of June 30, 2018. Excluding the impact of the pension and OPEB reporting changes, the University's unrestricted net position would have increased by \$11.0 million for the year ended June 30, 2018.

The University's operating and nonoperating revenues totaled \$222.7 million for the year ended June 30, 2018, an increase of \$4.8 million compared to 2017. Operating revenues declined by \$2.8 million for the year ended June 30, 2018, including a \$0.8 million decrease in net tuition and fees and a \$1.4 million decrease in operating grants and contracts. Nonoperating revenues grew by \$7.6 million for the year ended June 30, 2018 primarily due to a \$4.8 million increase in the University's state appropriations for the year ended June 30, 2018. Operating and nonoperating expenses increased by \$20.3 million, or 8.4 percent, to a total of \$260.5 million for the year ended June 30, 2018, primarily due to an increase in pension and OPEB expenses.

Construction of the University's new transformative Health Innovations Center was completed during the summer of 2018. In addition to the \$97 million capital appropriation the University received from the state, the University also received an \$8 million gift commitment from St. Elizabeth Healthcare to help pay for the design and construction of a virtual care facility within the Center that will help students simulate medical procedures and facilitate transdisciplinary research at the University. The Center will increase the University's capacity to meet the growing demand for graduates in the health professions and management expects enrollment and the associated tuition revenues related to these programs to be positively impacted.

The University's state-funded endowments totaled \$13.4 million as of June 30, 2018. These funds, along with the private endowed gifts donated to benefit the University, are managed by Northern Kentucky University Foundation, Inc. (Foundation). The endowment funds managed by the Foundation, including the University's endowment funds, totaled \$105.3 million at June 30, 2018. For the five-year period ended June 30, 2018, the endowment funds managed by the Foundation have grown from \$82.7 million to \$105.3 million as a result of excellent investment returns and the receipt of several major endowment gifts. The growth in endowment funds has provided a significant increase in the funds available to support the University's mission.

Using the Financial Statements

The University's financial report includes three financial statements: the statement of net position; the statement of revenues, expenses and changes in net position and the statement of cash flows. These financial statements and accompanying footnotes are prepared in accordance with GASB principles, which establish standards for external financial reporting for public colleges and universities and require that financial statements be presented on a comprehensive, entity-wide basis to focus on the University as a whole.

The University is a component unit of the Commonwealth of Kentucky. The financial statements of the University include the University and its blended component unit, the Northern Kentucky University Research Foundation, Inc. (Research Foundation). Financial statements for the University's discretely presented component unit, Northern Kentucky University Foundation, Inc., have also been included in accordance with GASB pronouncements. Financial statements presented for the Foundation consist of the consolidated statement of financial position and the consolidated statement of activities. These statements are prepared in accordance with Financial Accounting Standards Board (FASB) pronouncements.

Statement of Net Position

The statement of net position reflects the financial position of the University as of June 30, 2018, with comparative information as of June 30, 2017, and includes all assets, deferred outflows and inflows of resources, liabilities and net position. It is prepared under the accrual basis of accounting, whereby revenues and assets are recognized when the service is provided and expenses and liabilities are recognized when others provide the service, regardless of when cash is exchanged. Net position, consisting of the net amount of the assets, deferred outflows of resources, liabilities, and deferred inflows of resources, is one indicator of the current financial condition of the University. Assets, liabilities, deferred inflows and outflows of resources are generally measured using current values. A major exception is capital assets, which are stated at historical cost less accumulated depreciation.

A summary of the University's net financial position at June 30, 2018 and 2017 follows:

Condensed Statements of Net Position (in thousands)

	2018	2017

Assets

The University's assets increased by \$30.4 million, or 6.0 percent, for the year ended June 30, 2018 and now total \$539.7 million. Current assets increased by \$9.6 million for the year ended June 30, 2018 primarily due to an increase in cash generated from operations and cash reserves committed to construction projects. Noncurrent assets increased by \$20.8 million for the year ended June 30, 2018 primarily due to a \$19.2 million increase in net capital assets. A \$0.5 million increase in investments resulting from excellent investment returns on the University's endowments funds also contributed to the increase in noncurrent assets for the year.

Net capital assets increased by \$19.2 million for the year ended June 30, 2018 and \$23.4 million the prior year, resulting in a combined increase of \$42.6 million, or 12.3 percent, since June 30, 2016. This increase is the net result of an \$83.1 million increase in capitalized construction project costs, land improvements, equipment and other capital assets, less \$40.5 million in depreciation. Net capital assets totaled \$388.7 million, or 72.0 percent of total assets as of June 30, 2018.

Deferred Outflows of Resources

Deferred outflows of resources totaled \$71.0 million and \$44.1 million as of June 30, 2018 and 2017, respectively. Deferred outflows of resources related to the University's defined benefit pension and OPEB plans totaled \$67.7 million and \$40.4 million as of June 30, 2018 and 2017, respectively. The deferred outflows of resources that represent the unamortized difference between the reacquisition price and the net carrying amount of refunded debt totaled \$3.3 million and \$3.7 million at June 30, 2018 and 2017, respectively.

Liabilities

At June 30, 2018, the University's liabilities totaled \$533.7 million compared to the previous year's \$441.8 million. This \$91.9 million increase in liabilities is attributable, in part, to the recognition of the University's proportionate share of the net liability related to the OPEB, primarily health insurance coverage, provided through the KERS in accordance with GASB Statement No. 75. The cumulative effect of the adoption of GASB 75 resulted in a decrease of \$47.1 million in the University's unrestricted net position at July 1, 2017. For the year ended June 30, 2018, the University's net liability related to the post employment health insurance coverage increased by \$12.4 million. An increase of \$40.3 million in the University's net pension liability related to its participation in the KERS also contributed to the increase in total liabilities for the year. At June 30, 2018, the University's proportionate share of the nonhazardous and hazardous net OPEB liability totaled \$59.5 million while the University's net pension liability grew to \$315.9 as of June 30, 2018.

Noncurrent liabilities, excluding the insurance and pension liabilities, declined by \$9.3 million for the year as a result of a decrease in outstanding bonds, notes and capital leases. Current and noncurrent bonds, notes and capital leases payable, net of discounts and premiums, totaled \$112.8 million and \$119.9 million at June 30, 2018 and 2017, respectively.

Deferred Inflows of Resources

The University's deferred inflows of resources totaled \$12.1 million and \$6.0 million as of June 30, 2018 and 2017, respectively. Deferred inflows of resources related to the University's defined benefit pension and OPEB plans totaled \$10.5 million and \$4.5 million as of June 30, 2018 and 2017, respectively.

Net Position

Net position represents the difference between the University's total of assets and deferred outflows of resources and the total of liabilities and deferred inflows of resources. The University's net position totaled \$64.9 million and \$105.5 million at June 30, 2018 and 2017, respectively. The cumulative effect of the adoption of GASB 75 resulted in a decrease in the University's unrestricted net position at July 1, 2017 of \$47.1 million. For the year ended June 30, 2018, the University also recognized noncash expenses totaling \$2.7 million in accordance with GASB 75 and noncash expenses of \$28.8 million in accordance with the pension reporting changes under GASB 68 and GASB 71 resulting in noncash expenses totaling \$31.5 million for the year. Excluding the impact of the pension reporting changes, the University's unrestricted net position would have increased by \$11.0 million for the year ended June 30, 2018.

Net invested in capital assets totaled \$280.4 million and \$253.1 million at June 30, 2018 and 2017, respectively. This \$27.3 million increase is primarily attributable to the \$41.2 million of state capital appropriations the University received in fiscal year 2018 for the construction of the Health Innovations Center.

Statement of Revenues, Expenses and Changes in Net Position

The statement of revenues, expenses and changes in net position presents the revenues earned and expenses incurred during the year. Activities are reported as either operating or nonoperating. GASB requires state appropriations and nonexchange grants and contracts to be classified as nonoperating revenues. Accordingly, the University will generate an operating loss prior to the addition of nonoperating revenues.

This statement is prepared on the accrual basis of accounting whereby revenues and assets are recognized when the service is provided and expenses and liabilities are recognized when others provide the service, regardless of when cash is exchanged.

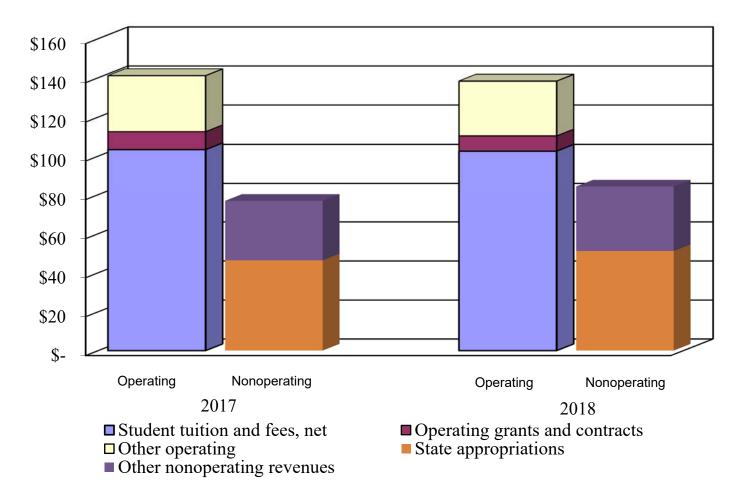

The utilization of long-lived assets, referred to as capital assets, is reflected in the financial statements as depreciation, which amortizes the cost of an asset over its expected useful life. A summarized comparison of the University's revenues, expenses and changes in net position for years ended June 30, 2018 and June 30, 2017 follows:

Condensed Statements of Revenues, Expenses and Changes in Net Position (in thousands)

Operating and Nonoperating Revenues

The following chart illustrates the University's revenues by source (both operating and nonoperating), which were used to fund its operating activities for fiscal years 2017 and 2018. Significant recurring sources of revenues, including state appropriations and nonexchange grants and contracts, are considered nonoperating revenues as defined by GASB. These revenues support operating expenses; therefore, they are included in the graph of revenues by source (presented in millions).

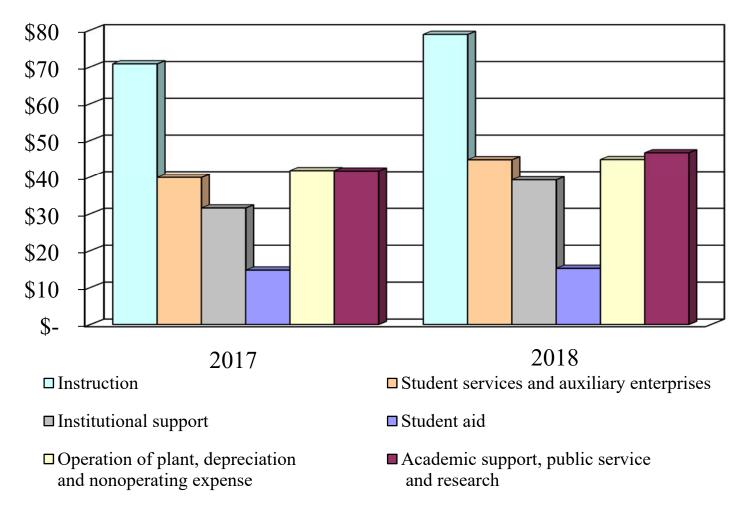

The University's operating and nonoperating revenues totaled \$222.7 million for the year ended June 30, 2018, an increase of \$4.8 million compared to 2017. Operating revenues totaled \$138.3 million, or 62.0 percent of revenues, while nonoperating revenues totaled \$84.4 million, or 38.0 percent of revenues, for the year. The most significant sources of revenue for the University are net student tuition and fees (46.0 percent) and state appropriations (23.0 percent).

Operating revenues declined by \$2.8 million for the year ended June 30, 2018, including a \$0.8 million decrease in net tuition and fees and a \$1.4 million decrease in operating grants and contracts. A \$0.8 million decrease in contracts revenue earned by the Center for Environmental Restoration contributed to a \$0.2 million decrease in sales and services of educational department's revenues for the year. Auxiliary enterprises revenues decreased by \$0.7 million due to a decrease in housing room rentals due to the closure of a housing facility for renovations and a decline in parking services revenues. Other operating revenues increased by \$0.3 million for the year.

Nonoperating revenues grew by \$7.6 million for the year ended June 30, 2018. The University's state appropriations increased by \$4.8 million for the year ended June 30, 2018. State nonoperating grant revenues increased by \$0.8 million for the year due to an increase in state financial aid program revenues, including the new dual credit scholarship program. Federal nonoperating grant revenues increased by \$0.6 million for the year primarily due to an increase in federal financial aid program revenues, including a \$0.5 million growth in federal Pell grant revenues. Other nonoperating revenues increased by \$1.9 million primarily due to a gain on the sale of the University's radio stations.

Operating and Nonoperating Expenses

The following chart illustrates the University's expenses by function (both operating and nonoperating) for fiscal years 2017 and 2018 (presented in millions).

Operating and nonoperating expenses increased by \$20.3 million, or 8.4 percent, to a total of \$260.5 million for the year ended June 30, 2018. The adoption of GASB 75 for the year ended June 30, 2018 resulted in the recognition of OPEB expenses totaling \$5.7 million for the year, including noncash OPEB expenses of \$2.7 million. For fiscal year 2017, which does not reflect the impact of GASB 75, the University recognized OPEB expenses of \$3.1 million. In accordance with GASB 68 and GASB 71, the University recognized pension expenses in fiscal year 2018 and 2017 of \$43.6 million and \$30.3 million, respectively. The \$15.9 million increase in OPEB and pension expenses in fiscal year 2018, contributed to a \$21.1 million increase in operating expenses for the year. Pension and OPEB expenses for the year increased in all functional expense categories including significant increases in institutional support (\$4.6 million), student services (\$3.4 million), academic support (\$3.2 million), operation and maintenance of plant (\$2.5 million) and instruction (\$0.9 million).

In addition to the increase in OPEB and pension expenses, instruction expenses increased by \$7.4 million for the year primarily due to the acquisition of furniture and equipment for the new state-of-the-art Health Innovations Center and Founders Hall renovation project. Public service expenses decreased by \$1.1 million for the year resulting from the operating savings realized from the closure of the University's radio station, the loss of several federal grants, and a decline in contract expenses associated with the Center for Environmental Restoration. In addition to the \$3.2 million increase in pension and OPEB expenses, academic support expenses increased due to an increase in information technology expenses and advising expenses. Institutional support expenses, excluding pension and OPEB expenses, increased by \$0.5 million due to an increase in information technology expenses, excluding use to a decrease in new student orientation program expenses and a reduction in student services renovation projects. Tuition and fee scholarship allowances and housing scholarship allowances increased by \$4.8 million and student aid expenses increased by \$0.5 million. Institutionally funded scholarships increased by \$3.9 million for the year. State funded financial aid program expenses increased by \$0.6 million, including \$0.3 million for the new dual credit scholarship program. Federal financial aid program expenses increased by \$0.6 million for the year, including a \$0.5 million growth in Pell grant expenses.

Statement of Cash Flows

Another important factor to consider when evaluating financial viability is the University's ability to meet financial obligations as they become due. The statement of cash flows presents information related to cash inflows and outflows, summarized by operating, noncapital financing, capital and related financing, and investing activities. A comparative summary of the University's statements of cash flows for the years ended June 30, 2018 and 2017 follows:

Condensed Statements of Cash Flows (in thousands)

	2018	2017
Net cash provided (used) by:		
Operating activities	\$ (66,052)	\$ (62,658)
Noncapital financing activities	79,762	75,911
Capital and related financing activities	(5,257)	(19,234)
Investing activities	1,894	1,127
Net increase (decrease) in cash and cash equivalents	10,347	(4,854)
Cash and cash equivalents, beginning of year	105,295	110,149
Cash and cash equivalents, end of year	\$ 115,642	\$ 105,295

The University's cash and cash equivalents increased by \$10.3 million in 2018. Major sources of funds generated by operating activities in 2018 included student tuition and fees (\$101.1 million), grants and contracts (\$8.7 million) and auxiliary enterprises (\$14.5 million). The largest cash payments for operating activities were for salaries and benefits (\$143.6 million), vendor payments (\$44.0 million) and student financial aid (\$15.6 million). Net cash used by operating activities increased by \$3.4 million for the year primarily due to a \$4.3 million increase in payments to vendors, including payments for furniture and equipment for the new Health Innovations Center.

Net cash provided by noncapital financing activities increased by \$3.9 million for the year ended June 30, 2018. Cash used by capital and related financing activities totaled \$5.3 million for 2018. Purchases of capital assets totaling \$44.9 million were funded by \$43.6 million in state capital appropriations received for the Health Innovations Center project as well as capital gifts and institutional funds. The University's principal and interest payments totaled \$11.2 million for the year. The University received proceeds from the sale of capital assets totaling \$6.7 million.

Capital Asset and Debt Administration

Capital Assets

As of June 30, 2018, capital assets, net of accumulated depreciation, totaled \$388.7 million, or 72.0 percent of total assets. Net capital assets increased by \$19.2 million for the year ended June 30, 2018. Additions to capital assets, net of disposals, during the year ended June 30, 2018 totaled \$39.3 million. Depreciation expenses totaled \$20.1 million for the year ended June 30, 2018. Additions to capital assets, net of disposals, during the year ended June 30, 2017 totaled \$43.8 million, including the expansion and renovation of the University's campus recreation center. Depreciation expenses totaled \$20.4 million for the year ended June 30, 2017.

The \$83.1 million increase in capital assets, net of disposals, for the years ended June 30, 2018 and 2017 was primarily attributable to the construction of the new state-of-the-art Health Innovations Center. The Kentucky General Assembly approved a \$97.0 million capital appropriation to the University in its 2014-16 biennial budget to fund the construction of a Health Innovations Center and to renovate Founders Hall. In addition to the capital appropriation, the University also received an \$8 million gift commitment from St. Elizabeth Healthcare to help pay for the design and construction of a virtual care facility within the Center that will help students simulate medical procedures and facilitate transdisciplinary research at the University. The Health Innovations Center opened in summer 2018.

Debt

The following is a summary of the University's outstanding capital debt summarized by trust indenture and type as of June 30, 2018 and 2017 (in thousands):

	2018	2017
General Receipts Bonds, net of discounts and premiums	\$ 111,891	\$ 119,107
Housing and Dining System Revenue Bonds	600	785
Notes payable and municipal lease obligations	275	23
	\$ 112,766	\$ 119,915

Debt decreased by \$7.1 million for the year ended June 30, 2018 resulting from principal payments of \$6.8 million on bonds, notes and capital lease obligations, a \$0.6 million decline in net discounts and premiums and the issuance of \$0.3 million in capital lease obligations for the year. In May 2018, the University entered into a new capital lease obligation through a third party financial institution, in the amount of \$0.3 million, with an interest rate of 4.43 percent. This obligation was used to fund computer equipment.

The University's current bond ratings assigned by Moody's Investors Service (A1 negative) to the University's General Receipts bonds reflects the University's continued funding challenges related to the KERS pension and OPEB plans.

ECONOMIC FACTORS IMPACTING FUTURE PERIODS

President Vaidya is leading a new strategic framework process focused on student success and aligning the University's goals to meet the needs of the region it serves. The strategic framework will be built around enhancing student access, completion and career success for current and future students.

The enacted budget for 2018-20 (House Bill 200) appropriated \$31.0 million to the Postsecondary Education Performance Fund in fiscal year 2019. These funds are being distributed among institutions according to provisions of Kentucky Revised Statute 164.092 which established the performance funding model that allocates funding based on: student success, course completion and operational support. For fiscal year 2019, the University will receive \$4.8 million from the Performance Fund and \$48.5 million in regular appropriations, resulting in a total state appropriation of \$53.3 million.

The University's Board of Regents approved a 3.1 percent increase in undergraduate resident tuition rates for fiscal year 2019. This increase was within the tuition and fee ceiling approved for the University by the Council on Postsecondary Education.

The University's state-funded endowments totaled \$13.4 million as of June 30, 2018. These funds, along with the private endowed gifts donated to benefit the University, are managed by Northern Kentucky University Foundation, Inc. (Foundation). The endowment funds managed by the Foundation, including the University's endowment funds, totaled \$105.3 million at June 30, 2018. For the five-year period ended June 30, 2018, the endowment funds managed by the Foundation have grown from \$82.7 million to \$105.3 million as a result of excellent investment returns and the receipt of several major endowment gifts. The growth in endowment funds has provided a significant increase in the funds available to support the University's mission.

Construction on the University's new transformative Health Innovations Center was completed in the summer of 2018. The Center was funded by a \$97.0 million appropriation from the Commonwealth in the 2014-16 biennium and an \$8 million gift from St. Elizabeth Healthcare to help pay for the design and construction of a virtual care facility within the Center that will help students simulate medical procedures and facilitate transdisciplinary research at the University. The Center will increase the University's capacity to meet the growing demand for graduates in the health professions and management expects enrollment and the associated tuition revenues related to these programs to be positively impacted.

For the year ended June 30, 2018 the University adopted GASB 75 which requires governmental employers participating in a cost-sharing plan to recognize their long-term obligations for OPEB as a liability on their financial statements for the first time. As a participating employer in the KERS, the University reported a net OPEB liability of \$59.5 million as of June 30, 2018, in addition to the University's net pension liability of \$315.9 million. The combined impact of pension and OPEB reporting changes resulted in a cumulative reduction of \$318.2 million in the University's unrestricted net position as of June 30, 2018. Excluding the impact of the pension and OPEB reporting changes, the University's unrestricted net position would have increased by \$11.0 million for the year ended June 30, 2018. The University's required contribution rate for fiscal year 2019 is 49.5 percent of covered payroll for all of its employees that participate in the nonhazardous KERS.

Fortunately, as the Commonwealth and the University continue to face significant budget challenges related to funding the state pension systems, the Kentucky economy continues to perform well. According to the 2018 annual edition of Commonwealth of Kentucky Quarterly Economic & Revenue Report, Kentucky's general fund receipts rose for the eighth consecutive year in fiscal year 2018. Final 2018 general fund revenues were \$119.8 million, or 1.1 percent, more than the official revenue estimate which had projected 2.3% growth. The report indicates that the 2018 revenue surplus has made the 2019 growth hurdle much less formidable, now requiring only 1.5 percent growth over 2018 collections. The report indicates the solid underlying economic conditions will persist well into fiscal year 2019.

Another factor impacting the University is the trend in high school graduations. The number of high school graduates have remained relatively flat in the Kentucky feeder counties and have decreased slightly in the Ohio and Southeast Indiana counties that the University draws the majority of students from. Projections for the next five years show expected declines in these areas. This along with the strong economy will make growing enrollments a challenge. To address these enrollment challenges, the University is expanding its outreach to other student groups (*e.g.*, adult learners, online, etc.) and new markets.

Management is continuing its efforts to diversify revenue sources, contain costs and redirect resources to core mission priorities. The University is working with a partner to develop property at the University's main entrance. The mixed-use development is expected to include office and retail space, restaurants and a hotel and will generate revenue for the University through ground leases. St. Elizabeth Healthcare will occupy a new medical office building in the development. The University recently discontinued several operations that were being subsidized by the University, including several radio stations, and redirected the resources to core mission priorities. In addition to the net gain realized from the sale of the radio stations, the University realized recurring cash savings of approximately \$0.9 million per year from the closure of the radio stations. The University is working with a partner to significantly increase the University's online program offerings. Enrollments in the new online programs, which launched in the spring 2018 semester, have exceeded expectations.

In summary, while the impact of the new pension reporting requirements on the University's unrestricted net position is significant, the University continues to show solid operating performance as measured by cash flows. The University is in the process of implementing new and enhanced strategies around enrollment, including enhanced online programs, and financial aid. These strategies are designed to increase enrollment, support students from diverse backgrounds, increase student retention rates, maintain academic quality, and increase net tuition revenue. The continued growth in funds provided through endowments, gifts, and other sources of revenues will be essential as the University strives to meet the needs of our students. The University will launch the public phase of a multi-year fundraising campaign in the spring of 2019 with a public goal between \$70 and \$75 million.

Northern Kentucky University A Component Unit of the Commonwealth of Kentucky Notes to the Financial Statements For the Year Ended June 30, 2018

Note 1 - Organization and Summary of Significant Accounting Policies

a. Reporting Entity

Northern Kentucky University (the University) is a component unit of the Commonwealth of Kentucky (Commonwealth) and is included in the general-purpose financial statements of the Commonwealth. The financial statements of the University include the operations of the Northern Kentucky University Research Foundation (Research Foundation) which is a legally separate, tax-exempt organization supporting the University. In accordance with Governmental Accounting Standards Board (GASB) Statement No. 61, the Research Foundation is reported as a blended component unit of the University and condensed financial information is provided in Note 12.

The Northern Kentucky University Foundation, Inc. (the Foundation) is a legally separate, tax-exempt organization supporting the University. The Foundation acts primarily as a fund-raising organization to supplement the resources that are available to the University in support of its programs. The Foundation's Board of Directors is self-perpetuating and consists of graduates and friends of the University. Although the University does not control the timing or amount of receipts from the Foundation, the majority of resources the Foundation holds and invests are restricted to the activities of the University by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the University, the Foundation is considered a component unit of the University and is discretely presented in the University's financial statements.

The accompanying financial statements do not include the financial position or operating results of the Chase College Foundation, Inc. This foundation is a separately incorporated not-for-profit entity organized for the purpose of promoting the educational mission of the University's Salmon P. Chase College of Law. Although this entity benefits the University's Salmon P. Chase College of Law, it is governed by an independent Board of Directors and is not controlled by the University.

b. Basis of Presentation

The accompanying financial statements of the University have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the GASB. In accordance with GASB Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities* (GASB 35) and subsequent standards issued by GASB, the University has elected to report as an entity engaged in business-type activities (BTA). BTAs are those activities that are financed in whole or part by fees charged to external parties for goods and services. GASB 35 establishes standards for external financial reporting for public colleges and universities and requires that resources be classified for accounting and reporting purposes into the following net position categories:

• Net investment in capital assets: Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.

• Restricted:

Nonexpendable – Net position subject to externally imposed stipulations that they be maintained permanently by the University.

Expendable – Net position whose use by the University is subject to externally imposed stipulations that can be fulfilled by actions of the University pursuant to those stipulations or that expire by the passage of time. Expendable net position consists primarily of amounts for specified capital construction projects.

• Unrestricted: Net position whose use by the University is not subject to externally imposed stipulations. Unrestricted net position may be designated for specific purposes by action of management or the Board of Regents or may otherwise be limited by contractual agreements with outside parties.

The financial statement presentation required by GASB is intended to provide a comprehensive, entity-wide perspective of the University's assets, deferred outflows of resources, liabilities, deferred inflows of resources, net position, revenues, expenses, changes in net position and cash flows.

c. Accrual Basis

The financial statements have been prepared on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when an obligation has been incurred.

d. Cash and Cash Equivalents

Cash and cash equivalents include all readily available sources of cash such as petty cash, demand deposits, certificates of deposit and temporary investments in marketable debt securities with original maturities less than three months. Funds held by the Commonwealth of Kentucky are also considered cash equivalents.

e. Notes, Loans and Accounts Receivable

This classification consists of tuition and fee charges to students, charges for auxiliary enterprise services provided to students, faculty and staff, loans to students and amounts due from sponsors for reimbursement of expenses made pursuant to contracts and grants. Accounts receivable are recorded net of estimated uncollectible amounts based upon a review of outstanding receivables, historical collection information and existing economic conditions.

f. Capital Assets

All capital assets are recorded at cost at date of acquisition, or acquisition value at date of donation. Equipment with a unit cost of \$5,000 or more and having an estimated useful life of greater than one year is capitalized. Renovations to buildings, infrastructure and land improvements that significantly increase the value or extend the useful life of the structure are capitalized. The University capitalizes interest costs as a component of construction in progress based on the interest cost of borrowing specifically for the project, net of interest earned on investments acquired with the proceeds of the borrowing. Routine repairs and maintenance are charged to operating expense in the year in which the expense is incurred.

Depreciation of capital assets is computed on a straight-line basis over the estimated useful lives of the respective assets, generally 40 years for land improvements, 10 - 40 years for buildings and fixed equipment, 10 years for library books and 3 - 10 years for equipment. The University capitalizes, but does not depreciate, works of art and historical treasures that are held for exhibition, education, research and public service.

g. Compensated Absences

University policies permit employees to accumulate vacation and sick leave benefits that may be realized as paid time off or, in limited circumstances, as a cash payment. Expense and the related liability are recognized as vacation benefits are earned whether the employee is expected to realize the benefit as time off or in cash. Sick leave benefits are recognized as expense when the time off occurs and no liability is accrued for such benefits employees have earned but not yet realized except for employees currently eligible to retire from the Kentucky Employers Retirement System (KERS). A liability is accrued equal to the estimated amount to be paid to KERS for sick leave converted to time worked at retirement. Compensated absence liabilities are computed using the regular pay rates in effect at the statement of net position date plus an additional amount for compensation-related payments such as social security and Medicare taxes computed using rates in effect at that date.

h. Investments

Investments in equity and debt securities are carried at fair value. Fair value is determined using quoted market prices. Investments in nonnegotiable certificates of deposit are carried at cost. Investment income consists of interest and dividend income, realized gains and losses and the net change for the year in the fair value of investments carried at fair value.

i. Unearned Revenue

Unearned revenue includes amounts received for tuition and other student fees prior to the end of the fiscal year but related to the subsequent accounting period. Unearned revenue also includes amounts received from grants and contracts sponsors that have not yet been earned.

j. Deposits

Noncurrent deposits consist primarily of deposits held in a wetland restoration fund pursuant to a memorandum of agreement with a federal agency.

k. Cost-Sharing Defined Benefit Pension Plan

The University participates in a cost-sharing multiple-employer defined benefit pension plan Kentucky Retirement Systems (KRS). For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the Plan and additions to/deductions from the Plan's fiduciary net position have been determined on the same basis as they are reported by the Plan. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

I. Cost-Sharing Defined Benefit Other Postemployment Benefit Plan

The University participates in a cost-sharing multiple-employer defined benefit other postemployment benefit plan, KRS, (the OPEB Plan). For purposes of measuring the net OPEB liability, deferred outflows of resources and deferred inflows of resources related to OPEB, and OPEB expense, information about the fiduciary net position of the OPEB Plan and additions to/deductions from the OPEB Plan's fiduciary net position have been determined on the same basis as they are reported by the OPEB Plan. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

m. Deferred Outflows and Inflows of Resources

A deferred outflow of resources is a loss in net position by the University that is applicable to a future reporting period. Deferred outflows of resources are reported in the statement of net position, but are not recognized in the financial statements as expense until in the related period. Deferred outflows of resources include \$3,277,000 of losses on bond refunding for the year ended June 30, 2018. The remaining balance of deferred outflows for year ended June 30, 2018 consists of the KERS pension and OPEB related unamortized balances.

A deferred inflow of resources is a gain in net position by the University that is applicable to a future reporting period. Deferred inflows of resources are reported in the statement of net position but are not recognized in the financial statements as revenue until in the related period. The agreement between the University and the University's food service providers resulted in a deferred inflow of resources of \$1,565,000 at June 30, 2018. The deferred inflows of resources related to this agreement are recognized evenly over the life of the contract. The remaining deferred inflows of resources for the year ended June 30, 2018 consist of the KERS pension and OPEB related unamortized balances.

See Notes 7 and 8 for details of pension and OPEB related deferred outflows of resources and deferred inflows of resources.

n. Scholarship Allowances

Student tuition and fee revenues and other student related revenues are reported net of scholarship allowances in the statement of revenues, expenses and changes in net position. Scholarship allowances are the differences between the stated charge for services provided by the University, and the amounts that are paid by the students or third parties making payments on a student's behalf. To the extent that revenues from such programs are used to satisfy tuition and fees, and other student charges, the University has recorded a scholarship allowance.

o. Income Taxes

The University is an agency and instrumentality of the Commonwealth, pursuant to Kentucky Revised Statutes sections 164.290 through 164.475. Accordingly, the University is generally exempt from federal income taxes as an organization described in Section 115 of the Internal Revenue Code of 1986, as amended. The Research Foundation has received a determination from the Internal Revenue Service granting exemption from federal income taxation pursuant to the provisions of Internal Revenue Code section 501(c)(3).

p. Restricted Asset Spending Policy

The University's policy states that restrictions on assets cannot be fulfilled by the expenditure of unrestricted funds for similar purposes. The determination on whether restricted or unrestricted funds are expended for a particular purpose is made on a case-by-case basis. Restricted funds remain restricted until spent for the intended purpose.

q. Operating Activities

The University defines operating activities, as reported on the statement of revenues, expenses and changes in net position, as those that generally result from exchange transactions, such as payments received for providing goods and services and payments made for services and goods received. Nearly all of the University's expenses are from exchange transactions. Certain significant revenues relied upon for operations, such as state appropriations, gifts, and investment income, are recorded as nonoperating revenues, in accordance with GASB 35. In accordance with GASB Statement No. 24, *Accounting and Financial Reporting for Certain Grants and Other Financial Assistance* and related GASB implementation guidance, Pell Grants, College Access Program (CAP) Grants and Kentucky Educational Excellence Scholarship (KEES) are considered nonexchange transactions and are recorded as nonoperating revenues in the accompanying financial statements.

r. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities and deferred inflows and outflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

s. Component Unit Disclosure

The accompanying financial statements of the Foundation have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Financial Accounting Standards Board. As such, certain revenue recognition criteria and presentation features are different from GASB revenue recognition criteria and presentation features.

See Note 13 for further details of related party transactions between the University and Foundation. Complete financial statements for the Foundation can be obtained from the Northern Kentucky University Foundation, Inc. at Lucas Administrative Center Room 820, Nunn Drive, Highland Heights, KY 41099.

t. Change in Accounting Principle

During fiscal year 2018, the University adopted GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pension* (GASB 75): GASB 75 replaces the requirements of GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*. Employers that participate in a cost-sharing OPEB plan that is administered through a trust that meets specified criteria will report a liability equal to the employer's proportionate share for the collective OPEB liability for all employers participating in the plan.

GASB 75 requires extensive note disclosures and required supplementary information (RSI) about the OPEB liabilities. See Note 8 for required note disclosures.

The adoption of GASB 75 resulted in a decrease in net position at July 1, 2017 of \$47,064,000. This change is in accordance with generally accepted accounting principles.

u. Recent Accounting Pronouncements

In June 2017, the GASB approved Statement No. 87, *Leases*. The objective of this Statement is to improve the accounting and financial reporting for leases by governments. This Statement requires recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lesse is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The provisions of this statement are effective for reporting periods beginning after December 15, 2019. The University is currently evaluating the effects of this statement on its financial statements.

In June 2018, the GASB approved Statement No. 89, *Accounting for Interest Cost Incurred before the end of a Construction Period*. The objectives of this Statement are to enhance the relevance and comparability of information about capital assets and the cost of borrowing for a reporting period and to simplify accounting for interest cost incurred before the end of a construction period. This Statement requires that interest cost incurred before the end of a construction period in which the cost is incurred for financial statements prepared using the economic resources measurement focus. As a result, interest cost incurred before the end of a construction period will not be included in the historical cost of a capital asset reported in a business-type activity or enterprise fund. The requirements of this Statement are effective for reporting periods beginning after December 15, 2019. The University is currently evaluating the effects of this statement on its financial statements.

Note 2 - Cash, Cash Equivalents and Investments

At June 30, 2018, petty cash funds totaled \$57,000 and the carrying amount of the deposits was \$115,585,000 with a corresponding total bank balance of \$119,300,000. Of the bank balance, \$22,231,000 was covered by federal depository insurance, or collateralized with securities held by the pledging bank, or bank's agents, in the University's name and \$97,069,000 was held and invested by the Commonwealth. These deposits were covered by federal depository insurance or by collateral held by the Commonwealth in the Commonwealth's name.

Investments

The investments which the University may purchase are limited by the Commonwealth's law and the University's bond resolutions to the following (1) securities or obligations which are fully guaranteed by the U.S. Government or agencies of the U.S. Government as to principal and interest; (2) certificates of deposit or time deposits of banks, trust companies or national banking associations which are insured by the Federal Deposit Insurance Corporation; and (3) mutual funds investing solely in U.S. securities.

Custodial credit risk: Custodial credit risk for deposits is the risk that in the event of a bank failure, a government's deposits or collateral securities may not be returned to it. The University currently uses commercial banks and the Commonwealth as its depositories. Deposits with commercial banks are substantially covered by federal depository insurance or collateral held by the bank in the University's name. At the Commonwealth, the University's accounts are pooled with other agencies of the Commonwealth. These Commonwealth-pooled deposits are substantially covered by federal depository insurance or by collateral held by the

Commonwealth in the Commonwealth's name. The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, a government will not be able to recover the value of investment or collateral securities that are in the possession of an outside party.

The fair value of the University's investments at June 30, 2018 was \$13,431,000. These investments represent the University's Regional University Excellence Trust Fund endowments which are invested in an investment pool managed by the Foundation. See Note 13 (c) for the required GASB fair value disclosures for the University's investments that are included in the Foundation's investment pool. University assets in the Foundation investment pool at June 30, 2018 are invested as follows:

Type of Investment:	
Fixed income funds	14%
Domestic equity funds	33%
International equity funds	13%
Emerging markets	9%
Private equity	5%
Natural resources	13%
Other	13%
Total Investments	100%

Interest Rate Risk: Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. As stated in the University's investment policy, the bond resolution governs the investment of bond reserves. The bond resolution limits the investment maturities by the lesser of the remaining life of the bond issue or ten years. Certificates of deposit can have a maturity of not more than two years from the date of issue.

Credit Risk: Credit risk is the risk that the issuer or other counterparty to an investment will not fulfill its obligations. The University's investment policy requires investments to be in compliance with state statute. University investments that are managed by the Foundation are governed by the Foundation's investment policy. This policy contains several provisions which are intended to limit credit risk, including a requirement that fixed income portfolios maintain a weighted average credit rating of at least AA (Standard and Poor's) and have no more than 10 percent of the portfolio in below investment grade bonds.

Concentration of Credit Risk: Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single user. The University debt service reserves are invested by the bond trustees in accordance with the governing bond resolutions. There are no specific limits on the maximum amount of investment securities held in bond debt service reserve funds that may be invested in one issuer. However, such investments are limited to interest bearing direct obligations of the U.S. government or obligations fully guaranteed by the U.S. government.

Foreign Currency Risk: This risk relates to adverse effects on the fair value of an investment from changes in exchange rates. The University had no investments denominated in foreign currency at June 30, 2018.

As of June 30, 2018, the net book value of equipment acquired through capital leases included in the above schedules totaled \$162,000.

In 2018, the University discontinued operations of three radio stations that were being subsidized by the University and redirected the resources to core mission priorities. In August and September of 2017, the radio stations, WNKU, WNKE and WNKN, were sold. The sales resulted in a gain of \$1,659,000 which is included on the Statement of Revenues, Expenses and Changes in Net Position as other nonoperating revenue.

a. Bonds

The gross revenues of the Housing and Dining system operations are pledged for the retirement of the Housing and Dining System Revenue Bonds. The \$210,000 reserve requirement for the Housing and Dining issue was fully funded as of June 30, 2018. The \$348,000 required housing repair and replacement fund was fully funded as of June 30, 2018.

The outstanding obligation as of June 30, 2018 for the Northern Kentucky University General Receipts Bonds are reported net of discounts totaling \$9,000 and premiums of \$7,520,000. General Receipts Bonds are collateralized by the operating and nonoperating income of the University excluding income which as a condition of the receipt is not available for payment of debt service charges.

On August 25, 2016, Northern Kentucky University General Receipts Bonds were issued in the amount of \$15,225,000 and a net interest cost of 2.02 percent. The proceeds partially refunded the General Receipts Bonds, 2008 Series A maturing on or after September 1, 2019. The refunding reduced the University's total debt service payments over the term by \$1,818,000, representing an economic gain of \$1,600,000. Economic gain is determined by calculating the difference between the present value of the debt service payments on the old and new debt. As of June 30, 2018, a balance of \$15,794,000 is being held in escrow by the trustee to fund the debt service on the refunded portion of the 2008 Series A until the bonds are called for redemption on September 1, 2018.

b. Leases

In May 2018, the University entered into a new capital lease obligation through a third party financial institution, in the amount of \$275,000, with an interest rate of 4.43 percent. This obligation was used to fund computer equipment.

The total bonds payable and leases as of June 30, 2018 are as follows (in thousands):

Note 7 – Pension Plans and Accrued Compensated Absences

Employees of the University are covered by one of the following plans:

a. Defined Contribution Plan

A Teachers Insurance and Annuity Association - College Retirement Equities Fund (TIAA CREF) sponsored plan, adopted by the Board of Regents in July 1970, is available upon completion of ninety days of service, to all regular full-time members of the faculty, administrative officers and others who have educational related duties. The TIAA CREF retirement plan is a defined contribution, money purchase retirement plan. The employees contribute 5 percent of their base salary to the plan, and the University contributes 10 percent. All payments are vested immediately and the contracts with the providers are owned by the individual employees. The employee is entitled to various payment options upon retirement. Benefit payments at retirement depend on the total contributions with interest deposited into the employee's account. Retirement benefits can begin upon retirement or termination of employment with the University. Covered payroll totaled \$47,000,000 for the year ended June 30, 2018. The University's contribution totaled \$4,700,000 for the year ended June 30, 2018.

b. Defined Benefit Plan

Plan Description - All regular employees not participating in the above plan are required to participate in either the Nonhazardous or Hazardous cost-sharing multiple employer defined benefit pension plan, both of which are under the KERS, that is administered by the Board of Trustees of the KRS. The defined benefit plans provide for retirement, disability and death benefits. Participants have a fully vested interest after the completion of 60 months of service, 12 of which are current service. KERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Kentucky Retirement Systems, Perimeter Park West, 1260 Louisville Road, Frankfort, Kentucky, 40601-6124 or by calling (502) 696-8800.

Contributions- Benefit and contribution rates are established by state statute. Per Kentucky Revised Statute 61.565 contribution requirements of the active employees and the participating organizations are established and may be amended by the KRS Board. For the fiscal year ended June 30, 2018, University employees were required to contribute 5 percent of their annual covered salary for retirement benefits. The University was contractually required to contribute 41.06 percent of covered payroll to the nonhazardous KERS pension plans. The University also was contractually required to contribute 21.44 percent of covered payroll to the hazardous KERS pension plans.

The required contribution is actuarially determined as an amount that, when combined with employee contributions, is expected to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. The University's total required contribution to the KERS nonhazardous pension plan for the year ended June 30, 2018 was \$14,596,000. The required contribution to the KERS hazardous pension plan for the year ended June 30, 2018 was \$180,000.

Pension liabilities, pension expense, and deferred outflows of resources and deferred inflows of resources related to pensions - At June 30, 2018, the University reported a liability of \$314,022,000, for its proportionate share of the nonhazardous net pension liability. The University's hazardous pension liability was \$1,844,000 for the year ended June 30, 2018. The net pension liability was measured as of June 30, 2017 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The University's proportion of the net pension liability was based on a projection of the University's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2018, the University's proportion was 2.345 percent for nonhazardous and 0.371 percent for hazardous.

For the year ended June 30, 2018, the University recognized nonhazardous pension expense of \$43,243,000; and hazardous pension expense of \$308,000.

At June 30, 2018 the University reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources (in thousands):

	Deferred Outflows of Resources		Deferred Inflows of Resources	
Nonhazardous				
Differences between expected and actual experience	\$	56	\$	2,022

Total	\$	56,628	\$	9,172

At June 30, 2018, the University reported \$14,776,000 as deferred outflows of resources related to pensions resulting from University contributions subsequent to the measurement date that will be recognized as a reduction of the net pension liability in the year ended June 30, 2018. Other amounts reported as deferred outflows of resources and deferred inflows of resources at June 30, 2018, related to pensions will be recognized in pension expense as follows (in thousands):

Year Ending June 30	
2019	\$ 20,764
2020	11,920
2021	452
2022	 (456)

Pension Actuarial assumptions - The total pension liability was determined by an actuarial valuation as of June 30, 2017, using the following actuarial assumptions, applied to all periods included in the measurement for nonhazardous and hazardous pensions.

	Nonhazardous	Hazardous
Inflation	2.30%	2.30%
Salary Increases	3.05%, average, including inflation	3.05%, average, including inflation
Investment Rate of Return	5.25%, net of pension plan investment expense, including inflation	6.25%, net of pension plan investment expense, including inflation

The mortality table used for active members is RP-2000 Combined Mortality Table projected with Scale BB to 2013 (multiplied by 50% for males and 30% for females). For healthy retired members and beneficiaries, the mortality table used is the RP-2000 Combined Mortality Table projected with Scale BB to 2013 (setback one year for females). For disabled members, the RP-2000 Combined Disabled Mortality Table projected with Scale BB to 2013 (setback four years for males) is used for the period after disability retirement. There is some margin in the current mortality table for possible future improvement in mortality rates and that margin will be reviewed again when the next experience investigation is conducted.

The long-term expected return on plan assets is reviewed as part of the regular experience studies prepared every five years for the System. The most recent actuarial experience study was for the period July 1, 2008 through June 30, 2013. The long-term expected rate of return was determined by using a building-block method in which best estimate ranges of expected future real rate of returns are developed for each asset class. The ranges are combined by weighting the expected future real rate of return by the target asset allocation percentage. The target allocation and best estimates of arithmetric real rate of return for each major asset class are summarized in the tables below. The KRS Board of Trustees plans to have the next experience study conducted using the plan's experience for the five-year period ended June 30, 2018. The actuarial assumptions that result from that experience study will be first used to prepare the June 30, 2019 valuation.

*Long-Term Expected Real Rates of Return may vary by plans depending on the risk tolerance of the plan.

Pension Discount rate – The discount rate used to measure the total pension liability was 5.25 percent for the nonhazardous plan, and 6.25 percent for the hazardous plan. The projection of cash flows used to determine the discount rate assumed that local employers would contribute the actuarially determined contribution rate of projected compensation over the remaining 26 year (closed) amortization period of the unfunded actuarial accrued liability. As the assets are deemed sufficient to pay future benefits, the discount rate determination does not use a municipal bond rate.

Sensitivity of the University's proportionate share of the net pension liability to changes in the discount rate - The University's proportionate share of the net pension liability has been calculated using a discount rate of 5.25 percent for the nonhazardous and 6.25 percent for hazardous. The following presents the University's proportionate share of the net pension liability calculated using a discount rate 1 percent higher and 1 percent lower than the current rate (in thousands):

Payable to the pension plan - The University reported payables of \$1,637,000 for the outstanding amount of employer contributions to the pension plan required for the year ended June 30, 2018.

Effective July 1, 2010 KRS 61.546 states "the value of any accumulated sick leave that is added to the member's service credit in the KERS on or after July 1, 2010, shall be paid to the retirement system by the last participating KERS employer based upon a formula adopted by the Board." The KERS sick leave liability as of June 30, 2018 was \$763,000.

c. Compensated Absences

University employees begin to accumulate annual vacation allowance from the initial date of employment; however, no vacation is granted until three months of continuous employment have been completed. The maximum accumulation of vacation leave is limited to the number of days that can be accumulated in twelve months, based upon length of service and employment classification. Eligible employees are paid their accumulated vacation upon termination, subject to certain limitations. At June 30, 2018, the University had recognized an accrued vacation liability of \$3,020,000.

Note 8 – Other Post-Employment Benefits

a. Defined Benefit Plan

Plan Description - The University contributes to the KRS Insurance Fund, a cost-sharing multiple employer defined benefit other post-employment plan (the OPEB plan), which was established to provide hospital and medical insurance for eligible members receiving benefits from KERS. The OPEB plan pays a prescribed contribution for whole or partial payment of required premiums to purchase hospital and medical insurance. The OPEB plan is administered by the Board of Trustees of the KRS. Benefit provisions are contained in the plan document and were established and can be amended by action of the Commonwealth of Kentucky Legislature. KERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to Kentucky Retirement Systems, Perimeter Park West, 1260 Louisville Road, Frankfort, Kentucky, 40601-6124 or by calling (502) 696-8800.

Contributions- Benefit and contribution rates are established by state statute. Per Kentucky Revised Statute 61.565, contribution requirements of the participating organizations are established and may be amended by the KRS Board. Employees with a participation date after September 1, 2008 are required to contribute 1 percent of their covered salary for retiree healthcare benefits. For the fiscal year ended June 30, 2018, the University was contractually required to contribute 8.41 percent of covered payroll to the nonhazardous KERS OPEB plan. The University also was contractually required to contribute 2.26 percent of covered payroll to the hazardous KERS OPEB plan.

The required contributions to the KERS nonhazardous OPEB plan for the year ended June 30, 2018 was \$2,989,000. The required contributions to the KERS hazardous OPEB plan for the year ended June 30, 2018 was \$19,000.

OPEB liabilities, OPEB expense and deferred outflows of resources and deferred inflows of resources related to OPEB – At June 30, 2018, the University reported a liability of \$59,481,000 for its proportionate share of the nonhazardous net OPEB liability. The University's hazardous net OPEB liability was \$22,000. The net OPEB liability was measured as of June 30, 2017 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of June 30, 2016 rolled forward to the measurement date. The University's proportion of the net OPEB liability was based on the University's actual contributions to the OPEB plan relative to the contributions of all participating employers for the measurement period. At June 30, 2018, the University's proportion was 2.345 percent for nonhazardous and 0.371 percent for hazardous.

For the year ended June 30, 2018, the University recognized nonhazardous OPEB expense of \$5,690,000 and hazardous OPEB expense of \$49,000.

At June 30, 2018 the University reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources (in thousands):

At June 30, 2018, the University reported \$3,008,000 as deferred outflows of resources related to OPEB resulting from University contributions subsequent to the measurement date that will be recognized as a reduction of the net OPEB liability in the following year. Other amounts reported as deferred outflows of resources and deferred inflows of resources at June 30, 2018, related to OPEB will be recognized in OPEB expense as follows (in thousands):

Actuarial assumptions - The total OPEB liability was determined by an actuarial valuation as of June 30, 2016, using the following actuarial assumptions, applied to all periods included in the measurement for nonhazardous and hazardous OPEB.

Inflation Salary Increases	2.30% 3.05%, average, including inflation

The mortality table used for active members is RP-2000 Combined Mortality Table projected with Scale BB to 2013 (multiplied by 50% for males and 30% for females). For healthy retired members and beneficiaries, the mortality table used is the RP-2000 Combined Mortality Table projected with Scale BB to 2013 (set back 1 year for females). For disabled members, the RP-2000 Combined Disabled Mortality Table projected with Scale BB to 2013 (set back 1 years for males). For disabled members, the RP-2000 Combined Disabled Mortality Table projected with Scale BB to 2013 (set back 4 years for males) is used for the period after disability retirement. There is some margin in the current mortality table for possible future improvement in mortality rates and that margin will be reviewed again when the next experience investigation is conducted.

The long-term expected rate of return on OPEB Plan investments was determined using a building-block method in which bestestimate ranges of expected future real rates of return (expected returns, net of OPEB Plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The target asset allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following tables:

		Long Term Expected Real Rate of

OPEB Asset Allocations

*Long-term Expected Real Rates of Return may vary by plans depending on the risk tolerance of the plan.

Discount rate - The discount rate used to measure the total OPEB liability was 5.83% for the nonhazardous plan, and 5.87% for the hazardous plan. The projection of cash flows used to determine the discount rate assumed that local employers would contribute the actuarially determined contribution rate of projected compensation over the remaining 26 years (closed) amortization period of the unfunded actuarial accrued liability. The discount rate determination used an expected rate of return of 6.25%, a municipal rate of 3.56%, as reported in Fidelity Index's "20-Year Municipal GO AA Index" as of June 30, 2017. However, the cost associated with the implicit employer subsidy was not included in the calculation of the System's actuarial determined contributions, and any cost associated with the implicit subsidy will not be paid out of the System's trusts. Therefore, the municipal bond rate was applied to future expected benefit payments associated with the implicit subsidy.

Sensitivity of the University's proportionate share of the net OPEB liability to changes in the discount rate - The University's proportionate share of the net OPEB liability has been calculated using a discount rate of 5.83% for the nonhazardous and 5.87% for hazardous. The following presents the University's share of the net OPEB liability calculated using a discount rate 1% higher and 1% lower than the current rate (in thousands):

	1% Decrease (4.83%)		Current Discount Rate (5.83%)		1% Increase (6.83%)

Sensitivity of the University's proportionate share of the net OPEB liability to changes in the health care cost trend rates - The University's proportionate share of the net OPEB liability has been calculated using an initial pre-65 health care trend rate of 7.25%, gradually decreasing to an ultimate trend rate of 4.05% over a period of 13 years. The post-65 health care trend rate starts at 5.10%, gradually decreasing to an ultimate trend rate of 4.05% over a period of 11 years.

OPEB plan fiduciary net position - Detailed information about the OPEB plan's fiduciary net position is available in the separately issued plan annual report.

Payable to the OPEB plan - The University reported payables of \$333,000 for the outstanding amount of employer contributions to the OPEB plan required for the year ended June 30, 2018.

Note 9 - Operating Expenses By Natural Classification

The University's operating expenses by natural classification are as follows for the year ended June 30, 2018 (in thousands):

Salaries and wages	\$ 99,919
Employee benefits-pension and OPEB	49,510
Employee benefits-other	27,602
Utilities	5,414
Supplies and other services	38,322
Depreciation	20,069
Student scholarships and financial aid	15,637
Total	\$ 256,473

Note 10 - Risk Management

The University is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by (1) the State Fire and Tornado Insurance Fund (the Fund), (2) Sovereign Immunity and the Kentucky Claims Commission, or (3) in the case of risks not covered by the Fund and Sovereign Immunity, commercial insurance, participation in insurance risk retention groups or self-insurance.

The Fund covers losses to property from fire, wind, earthquake, flood and most other causes of loss between \$5,000 and \$1 million per occurrence. Losses in excess of \$1 million are insured by commercial carriers up to \$1.5 billion per occurrence with buildings insured at replacement cost and contents on an actual cash value basis. As a state agency, the University is vested with Sovereign Immunity and is subject to the provisions of the *Board of Claims Act*, under which the University's liability for certain negligence claims is limited to \$250,000 for any one person or \$400,000 for all persons damaged by a single act of negligence. Claims against educators' errors and omissions and wrongful acts are insured through a reciprocal risk retention group. There have been no significant reductions in insurance coverage from 2017 to 2018. Settlements have not exceeded insurance coverage during the past three years.

The University began self-insuring employee health insurance as of January 1, 2014. Accrued expenses are based on the estimated costs of health care claims based on claims filed subsequent to year end and an additional amount for incurred but not yet reported claims based on prior experience. The University purchases both specific and aggregate stop loss coverage on medical and prescription drug claims. The stop loss insurance limits its exposure for claims to \$250,000 per individual and 125 percent of projected aggregate claims.

The health self-insurance liability as of June 30, 2018 is detailed below (in thousands):

Liability, beginning of year	\$ 1,415
Claims and changes in estimates	13,992
Claims paid	(14,024)
Liability, end of year	\$ 1,383

The University also self-insures certain other employee benefits, including worker's compensation claims to the extent not covered by insurance. The University has recorded an estimate for asserted claims at June 30, 2018.

Note 11 – Contingencies

The University is a party to various litigation and other claims in the ordinary course of business. University officials are of the opinion, based upon the advice of legal counsel, that the ultimate resolution of these matters will not have a material effect on the financial position of the University.

Note 13 – Northern Kentucky University Foundation, Inc. Notes to Financial Statements

Selected disclosures from the Foundation are included as follows:

a. Summary of Significant Accounting Policies

1. Scope of Statements

The consolidated financial statements of the Northern Kentucky Foundation, Inc. include the operations of the Foundation and several single member limited liability companies. All material intercompany transactions and balances have been eliminated for the year ended June 30, 2018.

2. Basis of Presentation

The consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) which require management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of the significant accounting policies consistently followed by the Foundation in preparation of its consolidated financial statements.

These statements are presented on the accrual basis of accounting, and have been prepared to focus on the Foundation as a whole and to present transactions according to the existence or absence of donor-imposed restrictions. This has been accomplished by classification of balances and transactions into three classes of net assets - permanently restricted, temporarily restricted and unrestricted net assets.

Net assets and changes therein are classified as follows:

- *Permanently restricted net assets* Net assets subject to donor-imposed stipulations that they be maintained permanently by the Foundation. Generally, the donors of these assets permit the Foundation to use the returns on the related investments over time for general or specific purposes.
- **Temporarily restricted net assets** Net assets subject to donor-imposed stipulations that may or will be met by actions of the Foundation and/or the passage of time. Temporarily restricted net assets are generally established in support of colleges or departments of the University, often for specific purposes such as faculty support, scholarships and fellowships, library acquisitions, equipment or building projects and other specific purposes.
- Unrestricted net assets Net assets not subject to donor-imposed stipulations.

Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Restricted contributions and net investment returns earned are reported as temporarily restricted support and reclassified as unrestricted when any donor-imposed restrictions are satisfied. Expirations of temporary restrictions on net assets are met when a donor stipulated time restriction ends or purpose restriction is accomplished and reclassified to unrestricted net assets and reported in the consolidated statement of activities as net assets released from restriction.

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value. Contributions receivable are discounted at an appropriate rate commensurate with the risks involved. Amortization of the discount is recorded as additional contribution revenue in accordance with donor-imposed restrictions on the contributions. An allowance for uncollectible contributions receivable is provided based upon management's judgment of such factors as prior collection history, type of contribution and nature of the fund-raising activity.

Income and realized net gains on long-term investments are reported as follows:

- As increases in permanently restricted net assets if the terms of the gift require that they be added to the principal of a permanent endowment fund.
- As increases in temporarily restricted net assets if the terms of the gift impose restrictions on the use of the income.
- As increases in unrestricted net assets in all other cases.

3. Cash and Cash Equivalents

Cash and cash equivalents includes all readily available sources of cash such as petty cash, demand deposits and temporary investments in marketable securities with maturities of less than three months. Cash and cash equivalents representing investments purchased with endowment net assets are reported as investments.

At various times throughout the year, the Foundation has cash in certain financial institutions in excess of insured limits. Additionally, at June 30, 2018, \$2,305,000 was collateralized with securities held by the financial institution's trust department or agent, but not in the Foundation's name. At June 30, 2018, a balance of \$10,491,000 was neither insured nor collateralized.

4. Loans and Accounts Receivable

Loans receivable consists primarily of loans made to students under privately funded loan programs. The advances are evidenced by signed promissory notes, bearing interest at varying stated interest rates, with varying due dates. Loans, accounts and other receivables are stated at the amount management expects to collect from outstanding balances. Management provides for a probable uncollectible allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. The allowance for doubtful accounts at June 30, 2018 was approximately \$120,000.

5. Investments

Investments in equity securities with readily determinable fair values and all debt securities are reported at their fair value. The estimated fair value of investments is based on quoted market prices, except for investments for which quoted market prices are not available. The alternative investments, which are not readily marketable, are carried at estimated fair values as provided by the investment managers. The estimated fair value of certain alternative investments, such as private equity interests, is based on valuations provided by the external investment managers adjusted for cash receipts, cash disbursements and distributions. The Foundation believes the carrying amount of these financial instruments is a reasonable estimate of fair value. Because alternative investments are not readily marketable, their estimated value is subject to uncertainty and therefore may differ from the value that would have been used had a ready market for such investments existed. Such difference could be material.

The Foundation invests its endowment investment portfolio and allocates the related earnings for expenditure in accordance with the total return concept. A distribution of endowment return that is independent of the cash yield and appreciation (depreciation) of investments earned during the year is provided for program support.

The Foundation has significant exposure to a number of risks including interest rate, market and credit risks for both marketable and non-marketable securities. Due to the level of risk exposure, it is possible that near-term valuation changes for investment securities may occur to an extent that could materially affect the amounts reported in the Foundation's consolidated financial statements.

All true endowment investments and long-term net assets functioning as endowments are managed in a pool, unless special considerations or donor stipulations require that they be held separately.

6. Land and Land Improvements

At June 30, 2018, land and land improvements (in thousands) consisted of:

Type of asset:	
Land	\$ 178
Land held for future use by the University	162
Land improvements	 208
Total land and land improvements	\$ 548

Assets acquired for Foundation use with a useful life greater than one year and a value of \$5,000 or more are capitalized. Annual depreciation for land improvements is calculated on a straight-line basis, beginning in the month of acquisition based on a useful life of 30 years. At June 30, 2018, all land improvements were fully depreciated.

Assets purchased or constructed through the Foundation for immediate use by Northern Kentucky University are recorded by the Foundation as a program expense.

7. Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the actual transfer date.

b. Unconditional and Conditional Promises to Give

Unconditional promises to give that are expected to be collected in future years are recorded at the present value of estimated future cash flows. The discounts are computed using a risk free interest rate and amortization of the discount is included in gifts and bequests revenue.

At June 30, 2018, the Foundation recognized contributions based on the following unconditional promises to give (in thousands):

Purpose:	
Endowment giving	\$ 827
Capital purposes	2,050
Operating programs	 1,794
Gross unconditional promises	 4,671
Less: Discount and allowance	
for uncollectible accounts	(222)
Net unconditional promises to give	\$ 4,449
Amounts due in:	
Less than one year	3,125
One to five years	1,516
More than five years	30
Total	\$ 4,671

The discount rates used to calculate the present value of contributions receivable at June 30, 2018 vary from 1.2 percent to 3.4 percent depending on when the promise was made.

Conditional promises to give are not included as support until such time as the conditions are substantially met. The Foundation had received conditional promises to give of approximately \$3.1 million at June 30, 2018, consisting of the face value of life insurance policies, net of accumulated cash surrender value, as well as a conditional promise of \$2.1 million from a single donor in 2018.

Approximately 44 percent of total pledges receivable were due from one donor at June 30, 2018.

c. Fair Value Measurements

The three levels of the fair value hierarchy under generally accepted accounting principles are described as follows:

Level 1 – Quoted prices in active markets for identical assets or liabilities

<u>Level 2</u> – Observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Other inputs that are observable for the asset or liability;
- Other inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 investments include short term money market funds, cash surrender value, fixed income funds and equity funds.

Level 2 investments are based on quoted prices of securities or other property with similar characteristics and include a remainder interest in real property subject to a life estate.

Level 3 investments include those in which there is no active market. The Foundation holds no Level 3 investments at June 30, 2018. The Foundation adopted Accounting Standards Update 2015-07 which eliminates the requirement that investments valued using the net asset value expedient be categorized as Level 2 or 3. These investments are now shown in a separate column on the table below. This treatment was applied retroactively.

The following assets were measured at fair value on a recurring basis as of June 30, 2018 (in thousands):

Investment return (in thousands) for the year ended June 30, 2018 consists of:

Interest and dividend income	\$ 1,928
(net of investment fees: \$652)	
Net realized gains (losses)	1,544
Net unrealized gains (losses)	 3,537
Total investment return	\$ 7,009

The Foundation records the cost of managing its endowment portfolio as a decrease in investment income within the appropriate net asset class in the consolidated statement of activities. Some of the Foundation's investment managers report investment transactions net of fees. The fees noted above are only those fees separately stated by the managers.

The investments of the Foundation are commingled with certain investments which the Foundation holds in trust for Northern Kentucky University. The market value of funds held in trust for the University at June 30, 2018 was approximately \$13,431,000. See Note 13g. for further explanation of the trust funds.

At June 30, 2018, the Foundation had committed approximately \$44.1, of its endowment investment resources to alternative investments, of which \$9.5 million, had not yet been called by the investment managers. Alternative investments for which commitments have been made consist of private equity/debt, natural resources, private real estate and low-volatility.

Alternative investments of the Foundation have limited marketability and the related investment agreements generally contain restrictive redemption provisions to the extent that the underlying investments should be considered illiquid for the duration of the investment through normal maturity. Early redemption of such investments would likely result in recovery of significantly less than the original investment amount. Foundation management believes the investment portfolio contains sufficient liquidity among other asset classes to make early redemption of alternative investments unlikely for reasons of meeting current spending needs.

e. Endowments

The Foundation's endowment consists of 321 individual funds established for a variety of purposes. Its endowment includes both donor-restricted funds and funds designated by the Board of Directors to function as endowments (quasi-endowments). Net assets associated with endowment funds, including quasi-endowments, are classified and reported based on the existence or absence of donor-imposed restrictions. The board, at their discretion, can at any time permit spending from the principal of any quasi-endowed fund, provided the expenditure complies with any donor-imposed restrictions related to the fund.

Kentucky enacted the *Kentucky Uniform Prudent Management of Institutional Funds Act* (KUPMIFA), the provisions of which apply to endowment funds existing on or established after enactment, with an effective date of July 15, 2010.

An interpretation of KUPMIFA provisions by the Foundation Board of Directors requires that the historical dollar amount of a donorrestricted endowment fund be preserved. As a result of this requirement, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, and (b) the original value of subsequent gifts to the permanent endowment. In the absence of donor restrictions, the net appreciation on a donor-restricted endowment fund is spendable. The net appreciation of donor-restricted endowment funds is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Foundation.

Under KUPMIFA, the Foundation endowment spending policy allows for prudent spending of future endowment earnings for accounts without accumulated earnings based upon consideration of the following factors, if applicable:

Duration and preservation of the endowment fund Purpose of the institution and the endowment fund General economic conditions Possible effect of inflation or deflation Expected total return on investments Other resources of the institution Investment policy

The approved annual endowment spending rate is reduced by a proportion of 5 percent for each 1 percent the affected endowment is below the value of original and subsequent gifts to the permanent endowment (i.e. principal).

Return Objectives and Risk Parameters. The Foundation has adopted investment and spending policies, approved by the Board of Directors, for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of these endowment assets over the long-term. The Foundation's spending and investment policies work together to achieve this objective. The investment policy establishes an achievable return objective through diversification of asset classes. The current long-term return objective is to return a rate equal to the Consumer Price Index plus 5 percent, net of investment fees. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives. To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that includes fixed income investments as well as publicly traded equity-based investments and various alternative investment strategies to achieve its long-term return objectives within prudent risk parameters.

Spending Policy and How the Objectives Relate to Spending Policy. The spending policy calculates the amount of money annually distributed from the Foundation's various endowed funds, for grant making and administration. The current spending policy is to distribute an amount at least equal to 3-5 percent of a moving sixteen quarter average of the fair value of the endowment funds. Accordingly, over the long term, the Foundation expects its current spending policy to allow the Foundation to meet its objective to maintain the historical dollar amount of endowment assets as well as to provide additional real growth through investment return.

Endowment net asset composition by type of endowment (in thousands) as of June 30, 2018 is as follows:

	Unr	Unrestricted		Temporarily Restricted		Permanently Restricted		Total Net Endowment Assets	
Donor restricted endowment funds Quasi-endowment funds	\$	2,614	\$	37,681 6,088	\$	45,458	\$	83,139 8,702	
Total endowment funds	\$	2,614	\$	43,769	\$	45,458	\$	91,841	

Changes in endowment net assets (in thousands) as of June 30, 2018 are as follows:

Funds with Deficiencies. From time to time, the fair value of assets associated with individual donor restricted endowment funds may fall below the level that the donor or KUPMIFA requires the Foundation to retain as a fund of perpetual duration. Deficiencies of this nature that are reported in unrestricted net assets were approximately \$1,000 at June 30, 2018. The deficiencies resulted from unfavorable market conditions that occurred after the investment of permanently restricted contributions and continued appropriation for certain programs that was deemed prudent by the Board of Directors.

f. Contingent Liabilities

Legal counsel for the Foundation have advised that they know of no pending or threatened litigation, claims or assessments involving the Foundation that could have a material adverse financial effect on the Foundation.

g. Regional University Excellence Trust Fund

The Foundation holds certain funds, consisting of endowment matching funds received by Northern Kentucky University from the Commonwealth of Kentucky's Regional University Excellence Trust Fund, which were subsequently transferred to the Foundation for management and investment. The Foundation reports these funds and accumulated earnings as assets held in trust for the University. Investment earnings, gains and losses and expenditures from these funds are reported as changes in the balance held in trust rather than as revenue and expenses of the Foundation.

h. Subsequent Events

Events occurring after June 30, 2018 have been evaluated for possible adjustment to the consolidated financial statements or disclosure through September 10, 2018, the date on which the consolidated financial statements were available to be issued.

i. Related Party Transactions

During the year ended June 30, 2018, the Foundation made payments on behalf of the University of \$320,000, for salaries, benefits, and other administrative costs for University staff that directly support the Foundation's operations. These payments are made by agreement between the Foundation and University. As of June 30, 2018, approximately \$5,000 was owed to the University for such costs.

In support of University programs for the year ended June 30, 2018, the Foundation incurred program expenses of \$8,885,000 which consisted of payments on behalf of the University of \$4,128,000. In addition, the Foundation transferred to the University \$4,757,000 in 2018 for restricted purposes.

j. Future Changes in Accounting Principles

Revenue Recognition

The Financial Accounting Standards Board amended its standards related to revenue recognition. This amendment replaces all existing revenue recognition guidance and provides a single, comprehensive revenue recognition model for all contracts with customers. The guidance provides a five-step analysis of transactions to determine when and how revenue is recognized. Other major provisions include capitalization of certain contract costs, consideration of the time value of money in the transaction price and allowing estimates of variable consideration to be recognized before contingencies are resolved in certain circumstances.

The amendment also requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in those judgments and assets recognized from costs incurred to fulfill a contract. The standard allows either full or modified retrospective adoption effective for annual periods beginning after December 15, 2018, for nonpublic entities (December 15, 2017, for not-for-profits that are conduit debt obligors), and any interim periods within annual reporting periods that begin after December 15, 2019, for nonpublic entities (December 15, 2018, for not-for-profits that are conduit debt obligors). The Foundation is in the process of evaluating the impact the amendment will have on the consolidated financial statements.

Presentation of Financial Statements for Not-for-Profit Entities

The Financial Accounting Standards Board recently issued Accounting Standards Update (ASU) No. 2016-14, *Presentation of Financial Statements of Not-for-Profit Entities*, which changes requirements for financial statements and notes of all not-for-profit (NFP) entities and is effective for fiscal years beginning after December 15, 2017.

A summary of the changes by financial statement area most relevant to the Association are as follows:

Statement of financial position:

• The statement of financial position will distinguish between two new classes of net assets - those with donor-imposed restrictions and those without. This is a change from the previously required three classes of net assets - unrestricted, temporarily restricted and permanently restricted.

Statement of activities:

- Expenses are reported by both nature and function in one location.
- Investment income is shown net of external and direct internal investment expenses. Disclosure of the expenses netted against investment income is no longer required.

Notes to the financial statements:

- Enhanced quantitative and qualitative disclosures provide additional information useful in assessing liquidity and cash flows available to meet operating expenses for one-year from the date of the statement of financial position.
- Amounts and purposes of governing Board designations and appropriations as of the end of the period are disclosed.

The Foundation is in the process of evaluating the impact the amendment will have on the consolidated financial statements.

Accounting for Leases

The Financial Accounting Standards Board amended its standard related to the accounting for leases. Under the new standard, lessees will now be required to recognize substantially all leases on the balance sheet as both a right-of-use asset and a liability. The standard has two types of leases for income statement recognition purposes: operating leases and finance leases. Operating leases will result in the recognition of a single lease expense on a straight-line basis over the lease term similar to the treatment for operating leases under existing standards. Finance leases will result in an accelerated expense similar to the accounting for capital leases under existing standards. The determination of lease classification as operating or finance will be done in a manner similar to existing standards. The new standard also contains amended guidance regarding the identification of embedded leases in service contracts and the identification of lease and nonlease components in an arrangement. The new standard is effective for annual periods beginning after December 15, 2019, and any interim periods within annual reporting periods that begin after December 15, 2019. The Foundation is evaluating the impact the standard will have on the consolidated financial statements.

Notes to Schedule

- The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of Northern Kentucky University under programs of the federal government for the year ended June 30, 2018. The accompanying notes are an integral part of this Schedule. The information in this Schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of the University, it is not intended to and does not present the financial position, changes in net assets or cash flows of the University.
- 2. Expenditures reported on the Schedule are reported on the accrual basis of accounting. Such expenditures are recognized following, as applicable, either the cost principles in OMB A21, Cost Principles for Educational Institutions or the cost principles contained in Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards for Federal Awards, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule, if any, represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. The University has a federally negotiated indirect cost rate of 32.5%.
- 3. The federal loan programs listed subsequently are administered directly by the University, and balances and transactions relating to these programs are included in the University's basic financial statements. Loans outstanding at the beginning of the year and loans made during the year are included in the federal expenditures presented in the Schedule. The balance of loans outstanding at June 30, 2018, consists of:

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

Independent Auditor's Report

Board of Regents Northern Kentucky University Highland Heights, Kentucky

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the business-type activities and the discretely presented component unit of Northern Kentucky University (University) as of and for the year ended June 30, 2018, and the related notes to the financial statements, which collectively comprise the University's basic financial statements, and have issued our report thereon dated October 5, 2018, which contained an emphasis of matter paragraph regarding a change in accounting principle. The financial statements of Northern Kentucky University Foundation, Inc., a discretely presented component unit included in the financial statements of the University's reporting entity, were not audited in accordance with *Government Auditing Standards*.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the University's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the University's internal control. Accordingly, we do not express an opinion on the effectiveness of the University's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Board of Regents Northern Kentucky University Page 2

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the University's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to the University's management in a separate letter dated October 5, 2018.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on Compliance for Each Major Federal Program and Report on Internal Control Over Compliance in Accordance With Uniform Guidance

Independent Auditor's Report

Board of Regents Northern Kentucky University Highland Heights, Kentucky

Report on Compliance for Each Major Federal Program

We have audited Northern Kentucky University's (University) compliance with the types of compliance requirements described in the U.S. Office of Management and Budget *Compliance Supplement* that could have a direct and material effect on each of the University's major federal programs for the year ended June 30, 2018. The University's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the University's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles*, and *Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the University's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the University's compliance.

Board of Regents Northern Kentucky University Page 2

Opinion on Each Major Federal Program

In our opinion, the University complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2018.

Report on Internal Control Over Compliance

Management of the University is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the University's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the University's internal control over compliance.

A *deficiency in internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency in *internal control over compliance* is a deficiency of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies is a deficiency, or a combination of deficiency and corrected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Independent Auditor's Report on Compliance With Specified Requirements of Commonwealth of Kentucky House Bill 622

Board of Regents Northern Kentucky University Highland Heights, Kentucky and Secretary of Finance and Administration Cabinet of the Commonwealth of Kentucky Frankfort, Kentucky

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Northern Kentucky University (University) and its discretely presented component unit, collectively, a component unit of the Commonwealth of Kentucky, which comprise the statement of net position as of June 30, 2018, and the statement of revenues, expenses and changes in net position and the statement of cash flows for the year then ended. The discretely presented component unit's financial statements are comprised of the consolidated statement of financial position as of June 30, 2018, and the consolidated statement of activities for the year then ended. We have issued our report thereon dated October 5, 2018, which contained an emphasis of a matter paragraph regarding a change in accounting principles.

In connection with our audit, nothing came to our attention that caused us to believe the University failed to comply with the provisions set forth in the Commonwealth of Kentucky's House Bill 622 (KRS164A.555 to 164A.630) insofar as they relate to accounting matters. However, our audit was not directed primarily toward obtaining knowledge of such noncompliance. Accordingly, had we performed additional procedures, other matters may have come to our attention regarding the University's noncompliance with the above-referenced requirements, insofar as they relate to accounting matters.

This report is intended solely for the information and use of the board of regents, management of the University and Secretary of Finance and Administration Cabinet of the Commonwealth of Kentucky and is not intended to be, and should not be, used by anyone other than these specified parties.

Independent Accountant's Report on Applying Agreed-Upon Procedures

Mr. Gerard St. Amand, Interim President Northern Kentucky University Highland Heights, Kentucky

We have performed the procedures enumerated below, which were agreed to by the management of Northern Kentucky University (University), solely to assist you with respect to evaluating whether the accompanying statement of revenue and expenses ("Statement") of Northern Kentucky University ("University") is in compliance with the National Collegiate Athletic Association ("NCAA") Bylaw 3.2.4.15 for the year ended June 30, 2017. Northern Kentucky University's management is responsible for the statement of revenue and expenses ("Statement") and the Statement's compliance with those requirements. The sufficiency of these procedures is solely the responsibility of those parties specified in this report. Consequently, we make no representation regarding the sufficiency of the purpose for which this report has been requested or for any other purpose.

The procedures that we performed and our findings are as follows:

Statement of Revenue and Expenses

- 1. We obtained the Statement, as prepared by the Department of Athletics of the University ("Athletics"), for the year ended June 30, 2017. We compared the revenue and expense amounts reported on the Statement, which were greater than 4.0% of revenue or expenses, respectively, to the supporting schedules prepared by management of the University noting they agreed without exception.
- 2. We compared a sample (see items 4-44 below) of operating revenue and operating expenses obtained from the above operating revenue and expense supporting schedules to supporting schedules. Excluding item 23 below, no exceptions were noted.
- 3. We compared each major revenue category greater than 10% of total revenues and each major expense category greater than 10% of total expenses on the Statement to prior year amounts and current year budgeted amounts. We obtained, from management of the University, and documented an understanding of any significant variances (greater than a 10% change) from prior year amounts and current year budgeted amounts and noted the following:

Actual Revenue and Expenses as Compared to Prior Year

No variances met the above criteria.

Actual Revenue and Expenses as Compared to Current Year Budget

We discussed with Dan McIver, Senior Associate Athletic Director for Business and Finance, the process for which budget to actual financial data is reviewed. There is no formal review of budget vs. actual based on the NCAA reporting line items. Athletics is budgeted a set amount during the University's budgeting process. Athletics will spend amounts based on needs during the year. Therefore, all variances from budget to actual would be 100% since there is no formal budget based on NCAA reporting line items.

Revenue

- 4. *Ticket Sales* We noted this line item was below the prescribed testing threshold of 4.0%, thus no additional procedures were performed.
- 5. *Student Fees* We inquired as to whether student fees are allocated to Athletics, and the University's management represented there are no restricted fee allocations from the University to Athletics. All allocations are unrestricted and reported as direct institutional support.
- 6. *Direct State or Other Governmental Support* We inquired of the University's management who represented there were no direct state or other governmental support during the year ended June 30, 2017.
- 7. *Direct Institutional Support* We compared direct institutional support recorded by the University with institutional supporting budget transfers documentation and other corroborative supporting documentation and recalculated totals, noting no exceptions.
- 8. *Transfers Back to the Institution* We inquired of the University's management who represented there were no transfers back to the institution during the year ended June 30, 2017.
- 9. *Indirect Institutional Support* We compared the indirect institutional support recorded by the University during the reporting period with expense payments, cost allocation detail and other corroborative supporting documentation and recalculated totals, noting no exceptions.
- 10. *Guarantees* We noted this line item was below the prescribed testing threshold of 4.0%, thus no additional procedures were performed.
- 11. *Contributions* We obtained a list of contributions of all money, goods or services received directly by Athletics from individuals and other donors, noting no individual contributions greater than 10% of total contributions.
- 12. *In-Kind Contributions* We noted this line item was below the prescribed testing threshold of 4.0%, thus no additional procedures were performed.
- 13. *Compensation and Benefits Provided by a Third-Party* We inquired of the University's management as to whether Athletics received any revenues or contributions to specifically support compensation or benefits from outside organizations for the year ended June 30, 2017, and they represented there were no compensation or benefits provided by third parties.
- 14. *Media Rights* We inquired of the University's management who represented there was no media rights revenue during the year ended June 30, 2017.

- 15. *NCAA Distributions* We noted this line item was below the prescribed testing threshold of 4.0%, thus no additional procedures were performed.
- 16. *Conference Distributions* We noted this line item was below the prescribed testing threshold of 4.0%, thus no additional procedures were performed.
- 17. *Program Sales, Concession, Novelty Sales and Parking* We noted this line item was below the prescribed testing threshold of 4.0%, thus no additional procedures were performed.
- 18. *Royalties, Licensing, Advertisements and Sponsorships* We noted this line item was below the prescribed testing threshold of 4.0%, thus no additional procedures were performed.
- 19. *Sports Camps Revenue* We noted this line item was below the prescribed testing threshold of 4.0%, thus no additional procedures were performed.
- 20. Athletics Restricted Endowment and Investment Income We noted this line item was below the prescribed testing threshold of 4.0%, thus no additional procedures were performed.
- 21. Other Operating Revenue We noted this line item was below the prescribed testing threshold of 4.0%, thus no additional procedures were performed.
- 22. *Bowl Revenue* We inquired of the University's management who represented there were no bowl revenues during the year ended June 30, 2017.

Expenses

- 23. *Athletic Student Aid* We recalculated totals from the NCAA Membership Financial Reporting System (System) for each sport and overall without exception. As the University utilized the NCAA Compliance Assistance software, we selected a sample of 10% of students (21) from the listing of the University's student-athlete aid recipients and performed the following:
 - a. For each selection, we obtained individual student account detail and compared total aid allocated from the student account system to the amounts reported to the System, noting an aggregate difference of \$1,351 resulting from the following:
 - For ten selections, the amount reported in the student account detail as compared to that reported in the System was higher by \$4,851 in the aggregate. Management represented that this is due to book expense awards being reported at \$800 per student automatically for each student in the System, whereas these expenses are reported using actual expense amounts in the student account detail.
 - 2) For one selection, the amount reported in the student account detail as compared to that reported in the System was lower by \$3,500.
 - b. For each selection, we compared each student selected to the data in the System, and noted all students whose full grant amount agreed to internal documentation.
 - c. For each selection who received a Pell Grant, we noted whether the value of the grant was included in the calculation of equivalencies or the total dollar amount of student-athletic aid, noting no exceptions. We also noted whether the students selected were included in the total number and total value of Pell Grants reported, noting no exceptions.

- 24. *Guarantees* We noted this line item was below the prescribed threshold of 4.0%, thus no additional procedures were performed.
- 25. Coaching Salaries, Benefits and Bonuses Paid by the University and Related Entities We obtained a listing of coaches employed by the University and randomly selected three coaches, which included baseball, men's basketball and women's basketball coaches. We compared and agreed the financial terms and conditions of their contracts, and compared the salaries and bonuses for each selection to the related coaching salaries, benefits and bonuses recorded in the Statement and noted no exceptions. We further inspected payroll summary registers for the year ended June 30, 2017, for each selection and agreed them to the related coaching salaries, benefits and bonuses paid by the University and related entities expense recorded by the University in the Statement and noted no exceptions.
- 26. *Coaching Other Compensation and Benefits Paid by a Third Party* We inquired of the University's management, as to whether there were any coaching compensation or benefits paid by a third party and they represented there were no other compensation or benefits provided by third parties.
- 27. Support Staff/Administrative Salaries, Benefits and Bonuses Paid by the University and Related Entities We selected a sample of three support staff/administrative personnel employed by the University and related entities during the reporting period. We obtained reporting period summary payroll registers for each selection. We compared and agreed related summary payroll registers to the related support staff/administrative salaries, benefits and bonuses paid by the University and related entities expense recorded by the University in the Statement during the reporting period and recalculated totals without exception.
- 28. Support Staff/Administrative Salaries, Benefits and Bonuses Paid by a Third Party We inquired of the University's management as to whether there were any support staff/administrative salaries, benefits or bonuses paid by a third party and they represented there were no support staff/administrative compensation or benefits provided by third parties.
- 29. Severance Payments We inquired of the University's management who represented there were no severance payments during the year ended June 30, 2017.
- 30. *Recruiting* We noted this line item was below the prescribed testing threshold of 4.0%, thus no additional procedures were performed.
- 31. *Team Travel* We obtained an understanding of the University's team travel policies and compared them to existing University and NCAA-related policies. We obtained general ledger detail of team travel expenses and compared to amounts reported in the Statement without exception.
- 32. *Sports Equipment, Uniforms and Supplies* We noted this line item was below the prescribed testing threshold of 4.0%, thus no additional procedures were performed.
- 33. *Game Expenses* We noted this line item was below the prescribed testing threshold of 4.0%, thus no additional procedures were performed.
- 34. *Fund Raising, Marketing and Promotion* We noted this line item was below the prescribed testing threshold of 4.0%, thus no additional procedures were performed.
- 35. *Sports Camp Expenses* We noted this line item was below the prescribed testing threshold of 4.0%, thus no additional procedures were performed.

- 36. *Spirit Groups* We noted this line item was below the prescribed testing threshold of 4.0%, thus no additional procedures were performed.
- 37. *Athletic Debt Service, Leases and Rental Fees* We noted this line item was below the prescribed testing threshold of 4.0%, thus no additional procedures were performed.
- 38. *Direct Overhead and Administrative Expenses* We noted this line item was below the prescribed testing threshold of 4.0%, thus no additional procedures were performed.
- 39. *Indirect Institutional Support* We compared the indirect institutional support recorded by the University during the reporting period with expense payments, cost allocation detail and other corroborative supporting documentation and recalculated totals without exception.
- 40. *Medical Expenses and Medical Insurance* We noted this line item was below the prescribed testing threshold of 4.0%, thus no additional procedures were performed.
- 41. *Memberships and Dues* We noted this line item was below the prescribed testing threshold of 4.0%, thus no additional procedures were performed.
- 42. *Student-Athlete Meals* We noted this line item was below the prescribed testing threshold of 4.0%, thus no additional procedures were performed.
- 43. *Other Operating Expenses* We obtained general ledger detail and compared to total expenses reported. We selected a sample of three transactions from the general ledger detail and compared to supporting documentation without exception.
- 44. *Bowl Expenses* We inquired of the University's management who represented there were no bowl expenses during the year ended June 30, 2017.

Additional Minimum Agreed Upon Procedures

- 45. We compared and agreed the sports sponsored reported in the NCAA Membership Financial Reporting System to the squad lists of the University, noting they agreed without exception.
- 46. We obtained the University's Sports Sponsorship and Demographics Forms Report for the fiscal year and noted whether the countable sports reported by the University met the minimum requirements set forth in Bylaw 20.9.6.3 for the number of contests and the number of participants in each contest that is counted toward meeting the minimum contest requirement, noting no discrepancies.
- 47. We compared countable sports per #46 above, with countable sports for revenue distribution purposes within the NCAA Membership Financial Reporting System, noting no discrepancies.
- 48. We were unable to agree the total number of student-athletes who received Pell Grant awards and the value of those awards from the University's financial aid record to the NCAA Membership Financial Reporting System, because the University has not yet entered data into the NCAA Membership Financial Reporting System.

Other Reporting Items

- 49. *Excess Transfers to Institution and Conference Realignment Expenses* We inquired of the University's management who represented there were no excess transfers or conference realignment expenses during the year ended June 30, 2017.
- 50. *Total Athletics Related Debt* We inquired of the University's management who represented there was no athletic related capital debt during the year ended June 30, 2017.
- 51. *Total Institutional Debt* We agreed the total outstanding debt of the University to supporting documentation and the University's audited financial statements, without exception.
- 52. Value of Athletics Dedicated Endowments We inquired of the University's management and obtained a schedule of athletic endowments. We noted all athletic related funds are pooled within multiple funds along with many other University Funds. We were able to agree the total fair market value of University endowments to supporting documentation, the University's general ledger and the audited financial statements, without exception, as described at item 53 below.
- 53. *Value of Institutional Endowments* We agreed the total fair market value of University endowments to supporting documentation, the University's general ledger and the audited financial statements, without exception.
- 54. *Total Athletics Related Capital Expenditures* We inquired of the University's management who represented there were no athletic related capital expenditures during the year ended June 30, 2017.

This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. We were not engaged to, and did not, conduct an examination or a review, the objective of which would be the expression of an opinion or conclusion, respectively, on the specified elements, accounts and items described above or on compliance with the requirements noted above. Accordingly, we do not express such an opinion or conclusion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of the specified parties identified above and is not intended to be and should not be used by anyone other than these specified parties.

Northern Kentucky University Intercollegiate Athletics Program

Notes to the Statement of Revenue and Expenses June 30, 2017

Note 1: Contributions From the Northern Kentucky University Foundation, Inc. ("Foundation")

The Foundation receives gifts and contributions that are restricted for the related athletics programs. These funds are used when additional funds are needed for current expenses and/or special projects. Foundation revenue are recorded in the Statement in an amount equal to the amount expended during the fiscal year.

Note 2: Capital Assets

Assets acquired, depreciated and disposed of for athletic purposes follow the University's capitalization policy. All capital assets, as defined by University policy, are recorded at cost at the date of acquisition, or, if donated, at fair value at the date of donation. Depreciation is computed using the straight-line method over the estimated useful life of the asset and is not allocated to functional expense categories. Assets under leases are amortized over the estimated useful life of the asset, or the lease term, whichever is shorter. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred.

Independent Auditor's Report

Board of Directors Northern Kentucky University Research Foundation, Inc. Highland Heights, Kentucky

We have audited the accompanying financial statements of Northern Kentucky University Research Foundation, Inc. (Research Foundation), a component unit of Northern Kentucky University, as of and for the years ended June 30, 2018 and 2017, and the related notes to the financial statements, which collectively comprise the Research Foundation's basic financial statement as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Research Foundation as of June 30, 2018 and 2017, and the changes in financial position and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matter

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis listed in the table of contents be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Northern Kentucky University Research Foundation, Inc. A Component Unit of Northern Kentucky University Management's Discussion and Analysis Years Ended June 30, 2018 and 2017

Northern Kentucky University Research Foundation, Inc.'s (the Research Foundation) Management's Discussion and Analysis of its financial condition provides an overview of the financial performance of the Research Foundation for the year ended June 30, 2018, with selected comparative information for the years ended June 30, 2017 and 2016. This discussion has been prepared by management and should be read in conjunction with the accompanying financial statements and notes.

Reporting Entity

The Research Foundation is organized for educational purposes to support Northern Kentucky University's (the University) efforts to promote the development, implementation, and coordination of extramurally-sponsored and foundation-supported programs involving research, instruction, public service, including the administration of conservation easements, and other projects that further the mission of the University. The Research Foundation is a not-for-profit Kentucky corporation affiliated with the University and is included within the University's financial statements as a blended component unit.

NorseCo LLC (NorseCo), a 100 percent owned, for-profit subsidiary of the Research Foundation, is included within the University and Research Foundation's financial statements as a blended component unit. On February 7, 2017, NorseCo was dissolved.

Financial Highlights

The financial position of the Research Foundation remains in stable condition at June 30, 2018. Net position decreased \$45,000 due to the decrease in grant activity within the Research Foundation. Over the last two years, grant activity has declined due to a management decision to administer new grants and contracts through the University. The Research Foundation will continue to apply for grants and contracts that sponsors must award to 501(c)(3) entities. The resulting decline in state and federal grant activity brought about a decrease in operating revenues and operating expenses for the year ended June 30, 2018. Operating income for the year decreased by \$163,000.

Using the Financial Statements

The Research Foundation's financial report includes three financial statements: the statement of net position; the statement of revenues, expenses and changes in net position and the statement of cash flows. These financial statements and accompanying footnotes are prepared in accordance with Government Accounting Standards Board (GASB) principles, which establishes standards for external financial reporting for public colleges and universities.

Statement of Net Position

The statement of net position reflects the financial position of the Research Foundation as of June 30, 2018, with comparative information as of June 30, 2017. This statement includes all assets, deferred outflows and inflows of resources, liabilities and net position. It is prepared under the accrual basis of accounting, whereby revenues and assets are recognized when the service is provided and expenses and liabilities are recognized when others provide the service, regardless of when cash is exchanged. A summarized comparison of the Research Foundation's assets, liabilities and net position at June 30, 2018, 2017 and 2016 follows:

Condensed Statements of Net Position (in thousands)

Assets

A \$1,037,000 decrease in the Research Foundation's assets for the year ended June 30, 2018 combined with a \$94,000 decrease in assets for the year ended June 30, 2017, resulted in a total decrease of \$1,131,000, or 8.1 percent, since June 30, 2016. The decline in total assets from 2016 to 2018 resulted primarily from a \$1,140,000 decrease in current assets, including a \$746,000 decline in accounts receivable balances. Noncurrent assets consist of agency deposits held by the Research Foundation, including a stream and wetland restoration fund administered by the Research Foundation pursuant to a memorandum of agreement with a federal agency.

Liabilities

The Research Foundation's liabilities decreased by \$917,000, or 7.1 percent, from June 30, 2016 to June 30, 2018, primarily due to a \$926,000 decline in current liabilities that resulted from decreases in accounts payable and accrued liabilities and amounts due to the University. Noncurrent liabilities consist of agency deposits held by the Research Foundation for the stream and wetland restoration fund.

Net Position

Net position represents the difference between the Research Foundation's total assets and total liabilities. Net position at June 30, 2018 totaled \$805,000, or 6.2 percent, of total assets. Restricted and unrestricted net position represented 0.5 percent and 99.5 percent of total net position, respectively. Restricted expendable net position decreased by \$9,000 and unrestricted net position decreased by \$36,000, from June 30, 2017 to June 30, 2018. This overall decline in net position resulted primarily from capital and noncapital transfers to the University during the fiscal year 2018. Noncapital transfers to the University consist primarily of facilities and administrative cost revenues earned on the Research Foundation's grants and contracts that are being transferred to the University.

Statement of Revenues, Expenses and Changes in Net Position

The statement of revenues, expenses and changes in net position presents the revenues earned and expenses incurred during the year. Activities are reported as either operating or nonoperating. GASB requires gifts, investment income and capital and nonexchange grants and contracts to be classified as nonoperating revenues. This statement is prepared on the accrual basis of accounting whereby revenues and assets are recognized when the service is provided and expenses and liabilities are recognized when others provide the service, regardless of when cash is exchanged. A summarized comparison of the Research Foundation's revenues, expenses and changes in net position for the years ended June 30, 2018, 2017 and 2016 follows:

Condensed Statements of Revenues, Expenses and Changes in Net Position (in thousands)

Operating and Nonoperating Revenues

Operating and nonoperating revenues totaled \$2,446,000 for the year ended June 30, 2018. The most significant sources of revenues for the Research Foundation are state and local grants and contracts, totaling \$1,188,000 or 48.6 percent, federal grants and contracts, totaling \$963,000 or 39.4 percent, and recoveries of facilities and administrative costs, totaling \$179,000 or 7.3 percent. Administrative fees paid by the stream and wetland restoration fund to the Research Foundation decreased by \$130,000 from 2017 to 2018 due to a \$2,176,000 decline in the amount of in lieu fees deposited to the stream corridor and wetland restoration agency fund during the year. Facilities and administrative costs recovered from grants and contracts declined by \$158,000 resulting in a combined decrease of \$288,000 in administrative fee revenue for fiscal year 2018. Operating revenues decreased by \$1,858,000 from 2017 to 2018 and \$515,000 from 2016 to 2017 due primarily to a reduction in federal, state and local grants and contracts and the decline in the recoveries of facilities and administrative costs.

Operating and Nonoperating Expenses

Operating and nonoperating expenses totaled \$2,491,000 for the year ended June 30, 2018. The primary categories of the Research Foundation's operating expenses for 2018 are public service, totaling \$1,566,000 or 62.9 percent, and student services, totaling \$293,000 or 11.8 percent. Operating expenses decreased \$1,695,000 from 2017 to 2018 and \$490,000 from 2016 to 2017 resulting in a total decline of \$2,185,000 over the two-year period. This decrease was attributable to reductions in grants and contracts activity.

Statement of Cash Flows

The statement of cash flows provides information about the Research Foundation's cash position by reporting the sources and uses of cash during the year. The statement of cash flows presents information related to cash inflows and outflows summarized by operating, noncapital financing, capital and related financing and investing activities. The primary purpose of the statement of cash flows is to provide information about the cash receipts and cash payments made by the Research Foundation during the year that will allow financial statement readers to assess the entity's ability to generate future net cash flows and its ability to meet obligations as they become due. A comparative summary of the Research Foundation's statement of cash flows for the years ended June 30, 2018, 2017 and 2016 follows:

Condensed Statements of Cash Flows (in thousands)

	2018	2017	2016
Net cash provided (used) by:			
Operating activities	\$ 471	\$ 601	\$ 355
Noncapital financing activities	(1,110)	(365)	(197)
Capital and related financing activities	(6)	32	-
Investing activities			2,000
Net increase (decrease) in cash and cash equivalents	(645)	268	2,158
Cash and cash equivalents, beginning of year	13,319	13,051	10,893
Cash and cash equivalents, end of year	\$ 12,674	\$ 13,319	\$ 13,051

The Research Foundation's cash and cash equivalents decreased by \$645,000 in 2018. Net cash provided by operating activities totaled \$471,000 for 2018 and \$601,000 for 2017. The sources of cash included in operating activities for the year ended June 30, 2018 were grants and contracts of \$2,638,000 and recoveries of facilities and administrative costs of \$179,000. The cash payments for operating activities for the year ended June 30, 2018 consisted of payments made to the University for the reimbursement of employee salaries and benefits \$1,591,000 and payments to vendors \$755,000.

Net cash used by noncapital financing activities totaled \$1,110,000 for 2018 and \$365,000 for 2017. The agency receipts and disbursements related to the stream and wetland fund represent the majority of the noncapital financing activity. Noncapital cash transfers from the Research Foundation to the University totaled \$206,000 and \$567,000 in 2018 and 2017, respectively.

Net cash used by capital and related financing activities totaled \$6,000 in 2018. Capital assets purchased by the Research Foundation are transferred to the University.

Cash provided by investing activities totaled \$2,000,000 for 2016 due to the maturing of investments related to the stream and wetland restoration agency fund. There was no activity related to investments in 2017 or 2018.

Capital Asset and Debt

The Research Foundation transferred capital assets to the University totaling \$6,000 and \$145,000 for the years ended June 30, 2018 and 2017, respectively. During fiscal year 2017, equipment originally purchased by the Research Foundation and transferred to the University was subsequently returned to the vendor. This return resulted in a net capital transfer of \$50,000 from the University to the Research Foundation. The Research Foundation did not have any outstanding debt as of June 30, 2018, 2017 or 2016.

Factors Impacting Future Periods

The Office of Research, Grants and Contracts (RGC) is committed to supporting research and scholarly activities throughout the university community; to increasing external support for research, university programs and service activities while maintaining compliance with federal, state and institutional requirements. RGC continues to build infrastructure that best supports faculty needs. The University 2018-2019 fiscal year shows a decrease in the number of tenured faculty campus-wide, who are the primary grant recipients for the University. This may impact the number of faculty participating in sponsored research and the number of research grants awarded to the University in the coming year.

Northern Kentucky University Research Foundation, Inc. Notes to the Financial Statements For the Years Ended June 30, 2018 and 2017

Note 1 – Description of the Organization

Northern Kentucky University Research Foundation, Inc. (the "Research Foundation") is organized for educational purposes, more specifically to support Northern Kentucky University's (the "University") efforts to promote the development, implementation, and coordination of extramurally-sponsored and foundation-supported programs involving research, instruction, public service, including the administration of conservation easements and other projects that further the mission of the University. The Research Foundation is a not-for-profit Kentucky corporation affiliated with the University. The Research Foundation is component unit.

NorseCo LLC ("NorseCo"), a 100 percent owned, for-profit subsidiary of the Research Foundation is included within both the University and Research Foundation's financial statements as a blended component unit. On February 7, 2017, NorseCo was dissolved. The financial activity of NorseCo. was not significant for the year ended June 30, 2017.

Note 2 - Summary of Significant Accounting Policies

The accompanying financial statements of the Research Foundation have been prepared in accordance with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). The Research Foundation prepares its financial statements as a business-type activity (BTA) in conformity with applicable pronouncements of GASB.

In accordance with GASB Statement No. 35, *Basic Financial Statements – and Management's Discussion and Analysis – for Public Colleges and Universities* (GASB 35) and subsequent standards issued by GASB, the Research Foundation has elected to report as an entity engaged in BTAs. BTAs are those activities that are financed in whole or part by fees charged to external parties for goods and services. GASB 35 establishes standards for external financial reporting for public colleges and universities and requires that resources be classified for accounting and reporting purposes into the following net position categories:

- Net investment in capital assets: Capital assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction or improvement of those assets.
- Restricted:

Nonexpendable – Net position subject to externally imposed stipulations that they be maintained permanently by the Research Foundation.

Expendable – Net position whose use by the Research Foundation is subject to externally imposed stipulations that can be fulfilled by actions of the Research Foundation pursuant to those stipulations or that expire by the passage of time.

• Unrestricted: Net position whose use by the Research Foundation is not subject to externally imposed stipulations. Unrestricted net position may be designated for specific purposes by action of management or the Board of Directors or may otherwise be limited by contractual agreements with outside parties.

The financial statement presentation required by GASB is intended to provide a comprehensive, entity-wide perspective of the Research Foundation's assets, liabilities, net position, revenues, expenses, changes in net position and cash flows.

Accrual Basis

The financial statements have been prepared on the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when an obligation has been incurred.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements. Estimates also affect the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

Cash and Cash Equivalents

The Research Foundation considers all highly liquid investments purchased with an original maturity of three months or less to be cash equivalents.

Capital Assets

Capital asset purchases, equipment with a unit cost of \$5,000 or more and having an estimated useful life of greater than one year, are transferred to the University. For the years ended June 30, 2018 and 2017, the Research Foundation purchased capital assets totaling \$6,000 and \$145,000, respectively, which were transferred to the University and recorded as property of the University. During fiscal year 2017, the University returned equipment to the Research Foundation which was subsequently returned to the vendor resulting in a net capital transfer of \$50,000 from the University to the Research Foundation.

Unearned Revenue

Unearned revenue includes amounts received from sponsors of grants and contracts that have not yet been earned. Revenue from the grants and contracts is earned as qualifying expenses are incurred.

Restricted Asset Spending Policy

The Research Foundation's policy states that restrictions on assets cannot be fulfilled by the expenditure of unrestricted funds for similar purposes. The determination on whether restricted or unrestricted funds are expended for a particular purpose is made on a case-by-case basis. Restricted funds remain restricted until spent for the intended purpose.

Operating Activities

The Research Foundation defines operating activities, as reported on the statement of revenues, expenses and changes in net position, as those that generally result from exchange transactions, such as payments received for providing goods and services and payments made for services and goods received. Nearly all of the Research Foundation's expenses are from exchange transactions. Certain revenues relied upon for operations, such as gifts and investment income, are recorded as nonoperating revenues, in accordance with GASB 35.

Income Tax Status

The Research Foundation is exempt from federal income tax under the Internal Revenue Code as a 501(c)(3) organization.

Note 3 – Cash, Cash Equivalents and Investments

Cash balances of the Research Foundation are included in bank accounts administered by the University in accordance with the University's investment policy. Details of accounting transactions affecting cash are maintained in such a manner as to ensure an appropriate segregation of amounts maintained by each entity. At June 30, 2018 and 2017, the carrying amount of deposits totaled \$12,674,000 and \$13,319,000, respectively.

Custodial credit risk for deposits is the risk that in the event of a bank failure, the Research Foundation's deposits or collateral securities may not be returned. As a means of limiting exposure to custodial credit risk, as required by the University's investment policy, these deposits and investments were covered by federal depository insurance or by collateral held in the University's name or in the Commonwealth of Kentucky's name.

Note 4 – Transactions with Northern Kentucky University

All salaries, wages and benefits represent charges for University employees. In addition, the University provides certain facilities and administrative services to the Research Foundation in exchange for a share of the facilities and administrative cost recoveries per the management agreement between the University and the Research Foundation. Noncapital transfers from the Research Foundation to the University totaled \$206,000 and \$567,000 for the years ended June 30, 2018 and 2017, respectively.

Note 5 – Accounts Receivable

Accounts receivable as of June 30, 2018 and 2017 are \$217,000 and \$587,000, respectively, primarily represented by reimbursement receivables from sponsors for expenditures for grants and contracts. There were no noncurrent accounts receivable as of June 30, 2018 or 2017. Based upon management's assessment, there was no need to establish an allowance for bad debts at June 30, 2018 or 2017. Accounts receivable as of June 30, 2018 and 2017 are as follows (in thousands):

	2018		2017		
Current:					
Grants and contracts	\$	201	\$	577	
Interest receivable - agency funds		16		10	
Total	\$	217	\$	587	

Note 6 - Accounts Payable and Accrued Liabilities

Accounts payable and accrued liabilities as of June 30, 2018 and 2017 are as follows (in thousands):

	2	018	2	2017
Payable to vendors and contractors	\$	39	\$	116
Payable to vendors and contractors - agency funds		159		109
Accrued expenses, primarily payroll		21		33
Total	\$	219	\$	258

At June 30, 2018 and 2017, the Research Foundation held noncurrent agency deposits of \$11,730,000 and \$12,392,000, respectively, including a wetland restoration fund pursuant to a memorandum of agreement with a federal agency. During June 30, 2018 and 2017, there were \$974,000 and \$3,055,000, respectively, of agency program receipts. During June 30, 2018 and 2017, there were \$1,592,000 and \$2,599,000, respectively, of agency program disbursements.

Note 7 – Unearned Revenue

Unearned revenue as of June 30, 2018 and 2017 totaled \$60,000 and \$65,000, respectively, primarily represented by funds advanced for state and local grants and contracts, and nongovernmental grants and contracts.

Note 8 - Operating Expenses by Natural Classification

The Research Foundation's operating expenses by natural classification were as follows for the years ended June 30, 2018 and 2017 (in thousands):

	 2018	 2017
Salaries and wages	\$ 1,212	\$ 1,495
Employee benefits	366	509
Supplies and other services	624	1,757
Student scholarships and financial aid	 77	 213
Total	\$ 2,279	\$ 3,974

Note 9 – Agency Funds

Pursuant to a memorandum of agreement with the U.S. Army Corps of Engineers, the Research Foundation acts as custodian for the Stream Corridor and Wetland Restoration Fund. These funds are classified as agency funds on the statements of net position. The University's Center for Environmental Restoration (the Center) proposes restoration projects which require approval by the Corps. Once approved, the Center implements the restoration projects. The Center is reimbursed for expenses by the Research Foundation through the release of agency funds. Administrative fees are collected and recognized as operating revenue by the Research Foundation.

Note 10 - Risk Management

The Research Foundation is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by (1) the State Fire and Tornado Insurance Fund (the Fund) or (2) in the case of risks not covered by the Fund, commercial insurance, and participation in insurance risk retention groups or self-insurance.

The Fund covers losses to property from fire, wind, earthquake, flood and other named perils between \$5,000 and \$1,000,000 per occurrence. Losses in excess of \$1,000,000 are insured by commercial carriers up to \$1.5 billion per occurrence, on a replacement cost basis. Claims against educators' errors and omissions and wrongful acts are insured through a risk retention group or commercial insurance. There have been no significant reductions in insurance coverage from 2017 to 2018. Settlements have not exceeded insurance coverage since the inception of the Research Foundation.

Note 11 – Future Accounting Pronouncements

GASB Statement No. 84, Fiduciary Activities (GASB 84)

GASB 84 establishes criteria for identifying fiduciary activities. It presents separate criteria for evaluating component units, pension and other postemployment benefit arrangements, and other fiduciary activities. The focus is on a government controlling the assets of the fiduciary activity and identification of the beneficiaries of those assets. Fiduciary activities are reported in one of four types of funds: pension (and other employee benefit) trust funds, investment trust funds, private-purpose trust funds, or custodial funds. Custodial funds are used to report fiduciary activities that are not held in a trust. The agency fund designation will no longer be used. GASB 84 also provides guidance on fiduciary fund statements and timing of recognition of a liability to beneficiaries.

GASB 84 is effective for financial statements for fiscal years beginning after December 15, 2018. The Research Foundation is in the process of evaluating the impact the statement will have on the financial statements.

Audit & Compliance Committee of the Board of Regents Northern Kentucky University Highland Heights, Kentucky

Dear Audit & Compliance Committee:

We have completed our audit of the financial statements of Northern Kentucky University (University) as of and for the year ended June 30, 2018. This report includes communication required under auditing standards generally accepted in the United States of America, as well as other matters.

Our audit plan represented an approach responsive to the assessment of risk of material misstatement in financial reporting for the University. Specifically, auditing standards require us to:

- Express an opinion on the June 30, 2018, financial statements and supplementary information of the University.
- Report on internal control over financial reporting and on compliance and other matters based on an audit of the financial statements performed in accordance with *Government Auditing Standards*.
- Report on compliance with requirements that could have a direct and material effect on each major program and on internal control over compliance in accordance with U.S. Office of Management and Budget Uniform Guidance.
- Issue communications required under auditing standards generally accepted in the United States of America to assist the board in overseeing management's financial reporting and disclosure process.

This report also presents an overview of areas of audit emphasis, as well as future accounting standards and other observations as a result of our audit.

This communication is intended solely for the information and use of management, the audit and compliance committee, the board of regents and others within the University and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

Zono E Creatin Jr

James E. Creeden, Jr., CPA Partner

Summary of Our Audit Approach and Results

Our Approach

BKD's audit approach focuses on areas of higher risk—the unique characteristics of the University's operating environment, the design effectiveness of your internal controls and your financial statement amounts and disclosures. The objective is to express an opinion on the conformity of your financial statements, in all material respects, with accounting principles generally accepted in the United States of America.

Areas of Audit Emphasis

The principal areas of audit emphasis and results were as follows:

	Risk Area	Results
•	<i>Management override of controls</i> – The risk that management may override existing and functioning accounting controls is an inherent risk to the University.	 BKD performed the following procedures relevant to this risk area: Reviewed accounting estimates for bias Tested journal entries Evaluated business rationale for unusual transactions No matters are reportable
•	<i>Improper revenue recognition</i> – The risk that revenue is improperly categorized or recorded in an improper period.	 BKD performed the following procedures relevant to this risk area: Performed tuition revenue reasonableness test Vouched state appropriations to support No matters are reportable
•	<i>Notes, loans and accounts receivable, net</i> – The assumptions and methods used by management to value the allowance for receivables.	 BKD performed the following procedures relevant to this risk area: Reviewed and recalculated management's calculation of allowances Performed analytical tests on allowances for unusual trends and collection issues No matters are reportable

Risk Area	Results
 GASB 75 implementation – The assump used by management to value the total of post-employment benefits (OPEB) liabil and the risk that net OPEB liability, OP expense and deferred inflows and outflor resources are properly recorded or discl- in the financial statements. 	other risk area: lity EB ws of Reviewed and recalculated management's calculation of the liability and related deferred inflows and outflows of resources and expanses
• <i>Related parties</i> – The risk that there are undisclosed related parties to the Univer that are material to the financial stateme	

Opinion

Unmodified, or "Clean," Opinion Issued on Financial Statements

We have issued an unmodified opinion as to whether the financial statements of the University as of and for the year ended June 30, 2018, are fairly presented, in all material respects.

Requirements Under U.S. Office of Management and Budget Uniform Guidance

Our audit included reporting on major federal award programs and includes:

- Schedule of Expenditures of Federal Awards
- Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of the Financial Statements Performed in Accordance with *Government Auditing Standards*
- Report on Compliance with Requirements for Each Major Program and on Internal Control Over Compliance
- Schedule of Findings and Questioned Costs
- Data Collection Form

Required Communications

Generally accepted auditing standards require the auditor to provide to those charged with governance additional information regarding the scope and results of the audit that may assist you in overseeing management's financial reporting and disclosure process. Below, we summarize these required communications.

Auditor's Responsibility Under Auditing Standards Generally Accepted in the United States of America and the Standards Applicable to Financial Audits Contained in *Government Auditing Standards* Issued by the Comptroller General of the United States and U.S. Office of Management and Budget Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance)

An audit performed in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and U.S. Office of Management and Budget (OMB) Uniform Guidance, *Audits of States, Local Governments, and Non-Profit Organizations*, is designed to obtain reasonable, rather than absolute, assurance about the financial statements and about whether noncompliance with the types of compliance requirements described in the OMB *Compliance Supplement* that could have a direct and material effect on a major federal program occurred. In performing auditing procedures, we establish scopes of audit tests in relation to the financial statements taken as a whole. Our engagement does not include a detailed audit of every transaction. Our engagement letter more specifically describes our responsibilities.

These standards require communication of significant matters related to the financial statement audit that are relevant to the responsibilities of those charged with governance in overseeing the financial reporting process. Such matters are communicated in the remainder of this communication or have previously been communicated during other phases of the audit. The standards do not require the auditor to design procedures for the purpose of identifying other matters to be communicated with those charged with governance.

An audit of the financial statements does not relieve management or those charged with governance of their responsibilities. Our engagement letter more specifically describes your responsibilities.

Area	Comments
Significant Accounting Policies Significant accounting policies are described in Note 1 of the financial statements.	 No matters are reportable
Alternative Accounting Treatments	 No matters are reportable
Management Judgments and Accounting Estimates Accounting estimates are an integral part of financial statement preparation by management, based on its judgments. Areas involving significant areas of such estimates for which we are prepared to discuss management's estimation process and our procedures for testing the reasonableness of those estimates are listed in the adjacent comments section.	 Allowance for uncollectible receivables Net pension and OPEB liability Functional expense allocations
Financial Statement Disclosures The areas listed in the adjacent comments section involve particularly sensitive financial statement disclosures for which we are prepared to discuss the issues involved and related judgments made in formulating those disclosures.	Pension plansOPEB plans

Area	Comments
Audit Adjustments During the course of any audit, an auditor may propose adjustments to financial statement amounts. Management evaluates our proposals and records those adjustments that, in its judgment, are required to prevent the financial statements from being materially misstated. Adjustments proposed were not recorded because they are not currently material; however, they involve areas in which adjustments in the future could be material, individually or in the aggregate.	Proposed Audit Adjustments Not Recorded The Appendix contains a summary of uncorrected misstatements we identified during the current engagement and pertaining to the latest period presented that were determined by management to be immaterial, both individually and in the aggregate, to the financial statements as a whole.

Other Material Communication

Other material communication between management and us related to the audit include:

• Management representation letter (Appendix)

Other Matters

We observed the following matters and offer these comments and suggestions with respect to matters which came to our attention during the course of the audit of the financial statements. Our audit procedures are designed primarily to enable us to form an opinion on the financial statements and, therefore, may not bring to light all weaknesses in policies and procedures that may exist. However, these matters are offered as constructive suggestions for the consideration of management as part of the ongoing process of modifying and improving financial and administrative practices and procedures. We can discuss these matters further at your convenience and may provide implementation assistance for changes or improvements if you require.

Information System Review

Change Management

Information system changes are reviewed at the weekly change management team meeting. However, this review process is not documented in the meeting minutes. Proper review of system changes is important to prevent inappropriate or unauthorized changes to application systems or programs (*i.e.*, configurable settings, automated algorithms, automated calculations, and automated data extraction). We recommend that information system change approvals be documented in the change management weekly meeting minutes to provide contemporaneous evidence of proper review.

Management Response – IT agrees with the BKD audit finding relative to including documentation on after action reviews of change activities in the minutes of our change management process. Discussion of these changes had been occurring, but no formal documentation was in the change management minutes. IT has already implemented the suggested adjustment to the documentation of change management minutes.

Security

The Sigma application does not have the ability to enforce complex password settings. Enforcement of complex password settings helps mitigate the risk of unauthorized access to critical applications. We recommend that management work with the software vendor to enable enforcement of complex password settings.

Management Response – IT agrees with the BKD audit finding relative to working with Sigma to try to improve password settings of their product. To that end, we are actively reaching out to Sigma to see if there is anything additionally that they recommend related to password security.

October 5, 2018

BKD, LLP Certified Public Accountants 312 Walnut Street, Suite 3000 Cincinnati, Ohio 45202

We are providing this letter in connection with your audit of our financial statements as of and for the year ended June 30, 2018 and your audit of our compliance with requirements applicable to each of our major federal awards programs as of and for the year ended June 30, 2018. We confirm that we are responsible for the fair presentation of the financial statements in conformity with accounting principles generally accepted in the United States of America. We are also responsible for adopting sound accounting policies, establishing and maintaining effective internal control over financial reporting, operations and compliance, and preventing and detecting fraud.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, the following:

- 1. We have fulfilled our responsibilities, as set out in the terms of our engagement letter dated April 11, 2018, for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America.
- 2. We acknowledge our responsibility for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
- 3. We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.
- 4. We have provided you with:
 - (a) Access to all information of which we are aware that is relevant to the preparation and fair presentation of the financial statements such as records, documentation and other matters.

- (b) Additional information that you have requested from us for the purpose of the audit.
- (c) Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.
- (d) All minutes of meetings of the governing body held through the date of this letter. Minutes provided are the final approved versions.
- (e) All significant contracts and grants.
- 5. All transactions have been recorded in the accounting records and are reflected in the financial statements.
- 6. We make the following assertions:
 - (a) The University had no leases of space in a building owned by a governmental unit and had no leases of space required because of emergency (KRS § 56.805).
 - (b) The University had no real property leases that were executed or renewed during the year ended June 30, 2018, which were subject to testing.
 - (c) The Department of Facilities Management in the Finance and Administration Cabinet has delegated to the University the authority to enter into real property leases, and therefore, no written request to the Department for Facilities Management in the Finance and Administration Cabinet for the acquisition of additional space is required (KRS § 56.803).
 - (d) The Department of Facilities Management in the Finance and Administration Cabinet has delegated to the University the authority to enter into real property leases, and therefore, no written decision from the commissioner as to lessor selection is required (KRS § 56.803).
 - (e) The University has no build-to-suit leases executed during the year ended June 30, 2018 (KRS § 56.8161 through 56.8179 and KRS § 56.820).
 - (f) The University had no leases that had change in ownership of the leased premises during the year ended June 30, 2018 (KRS § 56.819).
 - (g) The University has no leases that were executed during the year ended June 30, 2018, that are classified as lease-purchases pursuant to KRS § 56.803 (KRS § 56.823).
 - (h) The University has no leases that were executed during the year ended June 30, 2018, that are in a foreign jurisdiction (KRS 56.832).

- (i) We have asserted that there are no persons owning 5 percent or more of the shares in lessors, which are corporations, partnerships, business trusts, organizations and the names of all partners including silent and limited partners.
- (j) The University's policy for renewal of leases is in accordance with Kentucky Lease Law standards.
- 7. We have informed you of all current risks of a material amount that are not adequately prevented or detected by entity procedures with respect to:
 - (a) Misappropriation of assets.
 - (b) Misrepresented or misstated assets, liabilities or net position.
- 8. We believe the effects of the uncorrected financial statement misstatements summarized in the attached schedule are immaterial, both individually and in the aggregate, to the financial statements taken as a whole.
- 9. We have no knowledge of any known or suspected:
 - (a) Fraudulent financial reporting or misappropriation of assets involving management or employees who have significant roles in internal control.
 - (b) Fraudulent financial reporting or misappropriation of assets involving others that could have a material effect on the financial statements.
- 10. We have no knowledge of any allegations of fraud or suspected fraud affecting the University received in communications from employees, customers, regulators, suppliers or others.
- 11. We have disclosed to you the identity of the entity's related parties and all the related party relationships and transactions of which we are aware. Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with accounting principles generally accepted in the United States of America. We understand that the term <u>related party</u> refers to an affiliate; management, and members of their immediate families, component units; and any other party with which the entity may deal if it can significantly influence, or be influenced by, the management or operating policies of the other. The term <u>affiliate</u> refers to a party that directly or indirectly controls, or is controlled by, or is under common control with us.
- 12. Except as reflected in the financial statements, there are no:
 - (a) Plans or intentions that may materially affect carrying values or classifications of assets and liabilities.
 - (b) Material transactions omitted or improperly recorded in the financial statements.

- (c) Material gain/loss contingencies requiring accrual or disclosure, including those arising from environmental remediation obligations.
- (d) Events occurring subsequent to the balance sheet date through the date of this letter requiring adjustment or disclosure in the financial statements.
- (e) Agreements to purchase assets previously sold.
- (f) Restrictions on cash balances or compensating balance agreements.
- (g) Guarantees, whether written or oral, under which the University is contingently liable.
- 13. We have disclosed to you all known instances of noncompliance or suspected noncompliance with laws and regulations whose effects should be considered when preparing financial statements.
- 14. We have no reason to believe the University owes any penalties or payments under the Employer Shared Responsibility Provisions of the Patient Protection and Affordable Care Act nor have we received any correspondence from the IRS or other agencies indicating such payments may be due.
- 15. We have disclosed to you all known actual or possible litigation and claims whose effects should be considered when preparing the financial statements. The effects of all known actual or possible litigation and claims have been accounted for and disclosed in accordance with accounting principles generally accepted in the United States of America.
- 16. Adequate provisions and allowances have been accrued for any material losses from:
 - (a) Uncollectible receivables.
 - (b) Reducing obsolete or excess inventories to estimated net realizable value.
 - (c) Sales commitments, including those unable to be fulfilled.
 - (d) Purchase commitments in excess of normal requirements or above prevailing market prices.
- 17. Except as disclosed in the financial statements, we have:
 - (a) Satisfactory title to all recorded assets, and they are not subject to any liens, pledges or other encumbrances.
 - (b) Complied with all aspects of contractual and grant agreements, for which noncompliance would materially affect the financial statements.

- 18. We have not been designated as a potentially responsible party (PRP or equivalent status) by the Environmental Protection Agency (EPA) or other cognizant regulatory agency with authority to enforce environmental laws and regulations.
- 19. We have notified you of any instances of noncompliance with applicable disclosure requirements of the SEC Rule 15c2-12 and applicable state laws.
- 20. With regard to deposit and investment activities:
 - (a) All deposit, repurchase and reverse repurchase agreements and investment transactions have been made in accordance with legal and contractual requirements.
 - (b) Disclosures of deposit and investment balances and risks in the financial statements are consistent with our understanding of the applicable laws regarding enforceability of any pledges of collateral.
 - (c) We understand that your audit does not represent an opinion regarding the enforceability of any collateral pledges.
- 21. With respect to any nonattest services you have provided us during the year:
 - (a) We have designated a qualified management-level individual to be responsible and accountable for overseeing the nonattest services.
 - (b) We have established and monitored the performance of the nonattest services to ensure that they meet our objectives.
 - (c) We have made any and all decisions involving management functions with respect to the nonattest services and accept full responsibility for such decisions.
 - (d) We have evaluated the adequacy of the services performed and any findings that resulted.
- 22. We acknowledge that we are responsible for compliance with applicable laws, regulations and provisions of contracts and grant agreements.
- 23. We have identified and disclosed to you all laws, regulations and provisions of contracts and grant agreements that have a direct and material effect on the determination of amounts in our financial statements or other financial data significant to the audit objectives.
- 24. We have identified and disclosed to you any violations or possible violations of laws, regulations and provisions of contracts and grant agreements whose effects should be considered for recognition and/or disclosure in the financial statements or for your reporting on noncompliance.

- 25. We have taken or will take timely and appropriate steps to remedy any fraud, abuse, illegal acts or violations of provisions of contracts or grant agreements that you or other auditors report.
- 26. We have a process to track the status of audit findings and recommendations.
- 27. We have identified to you any previous financial audits, attestation engagements, performance audits or other studies related to the objectives of your audit and the corrective actions taken to address any significant findings and recommendations made in such audits, attestation engagements or other studies.
- 28. With regard to federal awards programs:
 - (a) We have identified in the schedule of expenditures of federal awards all assistance provided (either directly or passed through other entities) by federal agencies in the form of grants, contracts, loans, loan guarantees, property, cooperative agreements, interest subsidies, commodities, insurance, direct appropriations or in any other form.
 - (b) We have identified the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Compliance Supplement regarding activities allowed or unallowed; allowable costs/cost principles; cash management; eligibility; equipment and real property management; matching, level of effort, earmarking; period of performance of federal funds; procurement and suspension and debarment; program income; reporting; subrecipient monitoring; and special tests and provisions that are applicable to each of our federal awards programs. We have identified to you our interpretation of any applicable compliance requirements subject to varying interpretations.
 - (c) We are responsible for complying, and have complied, with the requirements of Uniform Guidance.
 - (d) We are responsible to understand and comply with the requirements of federal statutes, regulations and the terms and conditions of federal awards related to each of our federal awards programs and have disclosed to you any and all instances of noncompliance with those requirements occurring during the period of your audit or subsequent thereto to the date of this letter of which we are aware. Except for any instances of noncompliance we have disclosed to you, we believe the University has complied with all applicable compliance requirements.
 - (e) We are responsible for establishing and maintaining effective internal control over compliance to provide reasonable assurance we have administered each of our federal awards programs in compliance with federal statutes, regulations and the terms and conditions of the federal awards.

- (f) We have made available to you all federal awards (including amendments, if any) and any other correspondence or documentation relevant to each of our federal awards programs and to our compliance with applicable requirements of those programs.
- (g) The information presented in federal awards program financial reports and claims for advances and reimbursements is supported by the books and records from which our financial statements have been prepared.
- (h) The costs charged to federal awards are in accordance with applicable cost principles.
- (i) The reports provided to you related to federal awards programs are true copies of reports submitted or electronically transmitted to the federal awarding agency, the applicable payment system or pass-through entity in the case of a subrecipient.
- (j) Amounts claimed or used for matching were determined in accordance with Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) regarding cost principles.
- (k) We have monitored any subrecipients to determine that they have expended federal awards in accordance with federal statutes, regulations and the terms and conditions of the subaward and have met the audit and other requirements of the Uniform Guidance.
- (1) We have taken appropriate corrective action on a timely basis after receipt of any subrecipient's auditor's report that identified findings and questioned costs pertaining to federal awards programs passed through to the subrecipient by us.
- (m) We have considered the results of any subrecipient's audits received and made any necessary adjustments to our books and records.
- (n) We have disclosed to you any communications from federal awarding agencies and pass-through entities concerning possible noncompliance with the applicable compliance requirements for each of our federal awards programs, including any communications received from the end of the period of your audit through the date of this letter.
- (o) We have identified to you any previous compliance audits, attestation engagements and internal or external monitoring related to the objectives of your compliance audit, including findings received and corrective actions taken to address any significant findings and recommendations made in such audits, attestation engagements or other monitoring.

- (p) Except as described in the schedule of findings and questioned costs, we are in agreement with the findings contained therein and our views regarding any disagreements with such findings are consistent, as of the date of this letter, with the description thereof in that schedule.
- (q) We are responsible for taking corrective action on any audit findings and have developed a corrective action plan that meets the requirements of Uniform Guidance.
- (r) The summary schedule of prior audit findings correctly states the status of all audit findings of the prior audit's schedule of findings and questioned costs and any uncorrected open findings included in the prior audit's summary schedule of prior audit findings as of the date of this letter.
- (s) The reporting package does not contain any protected personally identifiable information.
- 29. With regard to compliance with the Commonwealth of Kentucky's House Bill 622 (Kentucky Revised Statutes (KRS) § 164A.555 through 164A.630):
 - (a) We confirm the state has transferred funds to the University, which were approved through state appropriations, in accordance with KRS § 164A.555.
 - (b) We have elected to perform in accordance with KRS § 164A.555 to 164A.560 regarding acquisitions of funds, accounting, purchasing and capital construction.
 - (c) We have accounted for funds received and disbursed in accordance with KRS § 164A.560, while making deposits on a timely basis and developing processes and policies to support, approve and record disbursements for authorized purposes.
 - (d) We use an accrual basis for accounting that conforms with generally accepted accounting principles.
 - 1. The accounting system of the University includes an operating fund group, loan fund group, endowment fund group, agency fund group and plant fund group, as applicable.
 - 2. We have used all state appropriations for intended purposes and within the period awarded.
 - 3. For each capital construction project, we have submitted at the end of each fiscal year a report showing all revenues and expenditures and current status to the capital projects and bond oversight committee.
 - 4. We did have state general funds for capital constructions projects which were unexpended for applicable projects or are intended to be used by end projects. The funds were returned to a surplus account in accordance with KRS § 164A.565.

- 5. The land, buildings and capital equipment have been accounted for in the plant fund group, in accordance with KRS § 164A.565.
- 6. We have submitted an annual report, and the annual report does meet the requirements of the CPE's system of uniform financial reporting for institutions of higher education.
- 7. Each governing board has made the following available on the University's website:
 - i. Board approved operating and capital budgets for the current and prior two fiscal years
 - ii. The University's audited financial statements for the previous three fiscal years
- iii. The agendas and actions of all meetings of the governing board for the previous three years
- (e) We have engaged a qualified, experienced CPA firm to conduct an annual audit.
- (f) Our procurement policy's purchasing procedures are consistent with this KRS § 164A.575.
- (g) Inventories of plant and equipment have been taken and maintained in accordance with KRS § 164A.575.
- (h) Our policies for disposals of real property are in accordance with KRS § 164A.575.
- (i) The governing board of the University has managed and administered capital construction projects in accordance with KRS § 164A.580.
- (j) We are following procedures, outlined in the KRSs, to contract for architectural and engineering services in accordance with KRS § 164A.590.
- (k) We are following procedures, outlined in KRSs, to contract for capital construction projects in accordance with KRS § 164A.585.
- (1) We are carrying out capital construction projects in accordance with KRS § 164A.595.
- (m) We have established an emergency repair fund for capital constructions and equipment purchases.
 - 1. We have remained within the scope authorized by the General Assembly for all capital construction and equipment purchase projects in accordance with KRS § 164A.600.

- 2. We did not have emergency projects in the current year for which the board authorized funds to be transferred to other capital construction and equipment purchase projects.
- (n) In the current fiscal year, there have been no circumstances in which we were unable to make required principal and interest payments due to agency bonds. All principal and interest payments on bonds have been made in accordance with KRS § 164A.608.
- (o) We have affiliated corporations for which the following guidelines are adhered to in accordance with KRS § 164A.610:
 - 1. We obtain financial information on a quarterly basis.
 - 2. We are receiving external reimbursement for indirect expenses incurred throughout the year.
- (p) The provisions of KRS § 164A.555 to 164A.630 have not prevented the University from accepting gifts, awarding scholarships or any other functions assigned by the governing board.
- (q) We have followed the provisions of KRS § 164A.555 through 164A.630 and are bound by the statutes as outlined at KRS § 164A.630 pertaining to the following:
 - 1. Relocation assistance and lease of property for state use and related legislative approval of fiscal obligations.
 - 2. The Kentucky Model Procurement Code.
 - 3. The issuance and approval of revenue bonds and bond anticipation notes.
 - 4. Equal employment opportunity.
- 30. The financial statements disclose all significant estimates and material concentrations known to us. Significant estimates are estimates at the balance sheet date which could change materially within the next year. Concentrations refer to volumes of business, revenues, available sources of supply, or markets for which events <u>could</u> occur which would significantly disrupt normal finances within the next year. Significant assumptions used by us in making accounting estimates, including those measured at fair value, are reasonable.
- 31. The fair values of financial and nonfinancial assets and liabilities, if any, recognized in the financial statements or disclosed in the notes thereto are reasonable estimates based on the methods and assumptions used. The methods and significant assumptions used result in measurements of fair value appropriate for financial statement recognition and disclosure purposes and have been applied consistently from period to period, taking into account any changes in circumstances. The significant assumptions appropriately reflect market participant assumptions.

- 32. The supplementary information required by the Governmental Accounting Standards Board, consisting of management's discussion and analysis, and pension and other postemployment benefit information, has been prepared and is measured and presented in conformity with the applicable GASB pronouncements, and we acknowledge our responsibility for the information. The information contained therein is based on all facts, decisions and conditions currently known to us and is measured using the same methods and assumptions as were used in the preparation of the financial statements. We believe the significant assumptions underlying the measurement and/or presentation of the information are reasonable and appropriate. There has been no change from the preceding period in the methods of measurement and presentation.
- 33. With regard to supplementary information:
 - (a) We acknowledge our responsibility for the presentation of the supplementary information in accordance with the applicable criteria.
 - (b) We believe the supplementary information is fairly presented, both in form and content, in accordance with the applicable criteria.
 - (c) The methods of measurement and presentation of the supplementary information are unchanged from those used in the prior period.
 - (d) We believe the significant assumptions or interpretations underlying the measurement and/or presentation of the supplementary information are reasonable and appropriate.
 - (e) If the supplementary information is not presented with the audited financial statements, we acknowledge we will make the audited financial statements readily available to intended users of the supplementary information no later than the date such information and the related auditor's report are issued.
- 34. We acknowledge your use of our internal audit function to provide direct assistance during the audit. We have allowed the internal auditors to follow your instructions and have not intervened in the work the internal auditor has performed for you.

Board of Directors Northern Kentucky University Research Foundation, Inc. Highland Heights, Kentucky

As part of our audit of the financial statements of Northern Kentucky University Research Foundation, Inc. (Research Foundation) as of and for the year ended June 30, 2018, we wish to communicate the following to you.

<u>Auditor's Responsibility Under Auditing Standards Generally Accepted in the United States of America</u>

An audit performed in accordance with auditing standards generally accepted in the United States of America is designed to obtain reasonable, rather than absolute, assurance about the financial statements. In performing auditing procedures, we establish scopes of audit tests in relation to the financial statements taken as a whole. Our engagement does not include a detailed audit of every transaction. Our engagement letter more specifically describes our responsibilities.

These standards require communication of significant matters related to the financial statement audit that are relevant to the responsibilities of those charged with governance in overseeing the financial reporting process. Such matters are communicated in the remainder of this letter or have previously been communicated during other phases of the audit. The standards do not require the auditor to design procedures for the purpose of identifying other matters to be communicated with those charged with governance.

An audit of the financial statements does not relieve management or those charged with governance of their responsibilities. Our engagement letter more specifically describes your responsibilities.

Qualitative Aspects of Significant Accounting Policies and Practices

Significant Accounting Policies

The Research Foundation's significant accounting policies are described in Note 2 of the audited financial statements.

We are providing this letter in connection with your audits of our financial statements as of and for the years ended June 30, 2018 and 2017. We confirm that we are responsible for the fair presentation of the financial statements in conformity with accounting principles generally accepted in the United States of America. We are also responsible for adopting sound accounting policies, establishing and maintaining effective internal control over financial reporting, operations and compliance, and preventing and detecting fraud.

Certain representations in this letter are described as being limited to matters that are material. Items are considered material, regardless of size, if they involve an omission or misstatement of accounting information that, in light of surrounding circumstances, makes it probable that the judgment of a reasonable person relying on the information would be changed or influenced by the omission or misstatement.

We confirm, to the best of our knowledge and belief, the following:

- 1. We have fulfilled our responsibilities, as set out in the terms of our engagement letter dated April 11, 2018, for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America.
- 2. We acknowledge our responsibility for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.
- 3. We acknowledge our responsibility for the design, implementation and maintenance of internal control to prevent and detect fraud.
- 4. We have provided you with:
 - (a) Access to all information of which we are aware that is relevant to the preparation and fair presentation of the financial statements such as records, documentation and other matters.
 - (b) Additional information that you have requested from us for the purpose of the audit.

University Center 405 | tel 859.572.5136 | fax 859.572.6188 | rgsrs.nku.edu/research/rgc.html

- (c) Unrestricted access to persons within the entity from whom you determined it necessary to obtain audit evidence.
- (d) All minutes of meetings of the governing body held through the date of this letter. Minutes provided are the final approved versions.
- (e) All significant contracts and grants.
- 5. All transactions have been recorded in the accounting records and are reflected in the financial statements.
- 6. We have informed you of all current risks of a material amount that are not adequately prevented or detected by entity procedures with respect to:
 - (a) Misappropriation of assets.
 - (b) Misrepresented or misstated assets, liabilities or net position.
- 7. We have no knowledge of any known or suspected:
 - (a) Fraudulent financial reporting or misappropriation of assets involving management or employees who have significant roles in internal control.
 - (b) Fraudulent financial reporting or misappropriation of assets involving others that could have a material effect on the financial statements.
- 8. We have no knowledge of any allegations of fraud or suspected fraud affecting the Research Foundation received in communications from employees, customers, regulators, suppliers or others.
- 9. We have disclosed to you the identity of the entity's related parties and all the related party relationships and transactions of which we are aware. Related party relationships and transactions have been appropriately accounted for and disclosed in accordance with accounting principles generally accepted in the United States of America. We understand that the term <u>related party</u> refers to an affiliate; management, and members of their immediate families, component units; and any other party with which the entity may deal if it can significantly influence, or be influenced by, the management or operating policies of the other. The term <u>affiliate</u> refers to a party that directly or indirectly controls, or is controlled by, or is under common control with us.

University Center 405 | tel 859.572.5136 | fax 859.572.6188 | rgsrs.nku.edu/research/rgc.html 10. Except as reflected in the financial statements, there are no:

- (a) Plans or intentions that may materially affect carrying values or classifications of assets and liabilities.
- (b) Material transactions omitted or improperly recorded in the financial statements.
- (c) Material gain/loss contingencies requiring accrual or disclosure, including those arising from environmental remediation obligations.
- (d) Events occurring subsequent to the balance sheet date through the date of this letter requiring adjustment or disclosure in the financial statements.
- (e) Agreements to purchase assets previously sold.
- (f) Restrictions on cash balances or compensating balance agreements.
- (g) Guarantees, whether written or oral, under which the Northern Kentucky University Research Foundation (Research Foundation) is contingently liable.
- 11. We have disclosed to you all known instances of noncompliance or suspected noncompliance with laws and regulations whose effects should be considered when preparing financial statements.
- 12. We have no reason to believe the Research Foundation owes any penalties or payments under the Employer Shared Responsibility Provisions of the Patient Protection and Affordable Care Act nor have we received any correspondence from the IRS or other agencies indicating such payments may be due.
- 13. We are not aware of any pending or threatened litigation or claims whose effects should be considered when preparing the financial statements. We have not sought or received attorney's services related to pending or threatened litigation or claims during or subsequent to the audit period. Also, we are not aware of any litigation or claims, pending or threatened, for which legal counsel should be sought.
- 14. Adequate provisions and allowances have been accrued for any material losses from:
 - (a) Uncollectible receivables.
 - (b) Sales commitments, including those unable to be fulfilled.

University Center 405 | tel 859.572.5136 | fax 859.572.6188 | rgsrs.nku.edu/research/rgc.html

- (c) Purchase commitments in excess of normal requirements or above prevailing market prices.
- 15. Except as disclosed in the financial statements, we have:
 - (a) Satisfactory title to all recorded assets, and they are not subject to any liens, pledges or other encumbrances.
 - (b) Complied with all aspects of contractual and grant agreements, for which noncompliance would materially affect the financial statements.
- 16. We have not been designated as a potentially responsible party (PRP or equivalent status) by the Environmental Protection Agency (EPA) or other cognizant regulatory agency with authority to enforce environmental laws and regulations.
- 17. With regard to deposit and investment activities:
 - (a) All deposit, repurchase and reverse repurchase agreements and investment transactions have been made in accordance with legal and contractual requirements.
 - (b) Disclosures of deposit and investment balances and risks in the financial statements are consistent with our understanding of the applicable laws regarding enforceability of any pledges of collateral.
 - (c) We understand that your audit does not represent an opinion regarding the enforceability of any collateral pledges.
- 18. With respect to any nonattest services you have provided us during the year:
 - (a) We have designated a qualified management-level individual to be responsible and accountable for overseeing the nonattest services.
 - (b) We have established and monitored the performance of the nonattest services to ensure that they meet our objectives.
 - (c) We have made any and all decisions involving management functions with respect to the nonattest services and accept full responsibility for such decisions.
 - (d) We have evaluated the adequacy of the services performed and any findings that resulted.

- 19. The fair values of financial and nonfinancial assets and liabilities, if any, recognized in the financial statements or disclosed in the notes thereto are reasonable estimates based on the methods and assumptions used. The methods and significant assumptions used result in measurements of fair value appropriate for financial statement recognition and disclosure purposes and have been applied consistently from period to period, taking into account any changes in circumstances. The significant assumptions appropriately reflect market participant assumptions.
- 20. The supplementary information required by the Governmental Accounting Standards Board, consisting of management's discussion and analysis, has been prepared and is measured and presented in conformity with the applicable GASB pronouncements, and we acknowledge our responsibility for the information. The information contained therein is based on all facts, decisions and conditions currently known to us and is measured using the same methods and assumptions as were used in the preparation of the financial statements. We believe the significant assumptions underlying the measurement and/or presentation of the information are reasonable and appropriate. There has been no change from the preceding period in the methods of measurement and presentation.

Dear NKU Foundation Board Members and Friends:

As the 50th anniversary of NKU winds down, we are happy to report that both the Foundation and Northern Kentucky University enjoyed another great year working together to support our students. As you know, NKU's sixth president, Dr. Ashish Vaidya, began his term in July and has rallied all of us to continue keeping student support as our number one priority.

Enclosed, please find our Consolidated Financial Statements for the years ending June 30, 2018 and June 30, 2017. They have been audited by BKD, LLP, whose report appears on page 4. The statements show that we are well positioned for another great year.

At 2018 fiscal year end the Foundation's total assets were \$127 million, an increase of \$6.2 million from the previous year. In addition to our fundraising efforts, much of the increase is attributed to our strong investment portfolio. The endowment pool, consisting of 321 individual donor restricted funds, continues to outperform its benchmarks and is ranked competitively against peer endowments nationally. I invite you to review the statements for a more in-depth look at our financial position.

As we reported to you last year, the Foundation engaged a consultant to review and assess the feasibility of undertaking a multi-year, comprehensive fundraising campaign for the university. We have already raised more than \$37 million through FY18 toward these efforts! Thank you for being supportive of our efforts to date and your continued support as we launch the public phase of the campaign next spring.

As I complete my term as president this month, I want to personally thank you for all that you have provided to the faculty, students and initiatives of Northern Kentucky University through its Foundation.

Yours truly,

Bany & Thiengle

Independent Auditor's Report

Board of Directors Northern Kentucky University Foundation, Inc. Highland Heights, Kentucky

We have audited the accompanying consolidated financial statements of Northern Kentucky University Foundation, Inc., which comprise the consolidated statements of financial position as of June 30, 2018 and 2017, and the related consolidated statements of activities and cash flows for the years then ended, and the related notes to the consolidated financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Northern Kentucky University Foundation, Inc. as of June 30, 2018 and 2017, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Information

Our audit was conducted for the purpose of forming an opinion on the consolidated financial statements as a whole. The board of directors listing, letter from the president, and executive committee/officers listing are presented for purposes of additional analysis and are not a required part of the consolidated financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the consolidated financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Notes to Consolidated Financial Statements June 30, 2018 and 2017

NOTE A – HISTORY AND PURPOSE

Northern Kentucky University Foundation, Inc.

Northern Kentucky University Foundation, Inc. (the Foundation) was incorporated November 23, 1970, as a Kentucky non-stock, not-for-profit corporation. The purpose of the Foundation, as stated by the articles of incorporation, is to provide general and specific services and material things necessary or desirable for the growth and development of Northern Kentucky University (the University), and encompasses prospective students, students, alumni, faculty, and staff, as well as research and civic services and cooperative educational programs. Any and all things and acts in and incidental to the conduct of such activities deemed useful, necessary, proper and lawful, are also declared purposes.

Kentucky Revised Statutes define affiliation status for corporations supporting public education institutions. The Foundation is an unaffiliated corporation as defined by the statutes.

The Internal Revenue Service has determined that the Foundation is a tax-exempt organization under Section 501(c)(3) of the code and has determined that it is not a private foundation within Section 509(a) of the code. Contributions, bequests, legacies, devices, transfers and gifts made to the Foundation are deductible by donors, as provided in Section 170 of the code.

Scope of Statements

The consolidated financial statements of the Foundation include the operations of the Foundation as well as the following single member limited liability companies: NKUF Properties 1, LLC, NKUF Properties 2, LLC, NKUF Properties 3, LLC, NKUF Properties 4, LLC, NKUF Properties 5, LLC, NKUF Properties 6, LLC, and NKUF Properties 7, LLC. These entities hold title to real estate and other assets formerly held by the Foundation. All material intercompany transactions and balances have been eliminated.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Presentation

The consolidated financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) which require management to make estimates and assumptions that affect the reported amounts and disclosures in the financial statements. Actual results could differ from those estimates. The following is a summary of the significant accounting policies consistently followed by the Foundation in preparation of its consolidated financial statements.

These statements are presented on the accrual basis of accounting, and have been prepared to focus on the Foundation as a whole and to present transactions according to the existence or absence of donor-imposed restrictions. This has been accomplished by classification of balances and transactions into three classes of net assets - permanently restricted, temporarily restricted and unrestricted net assets.

Net assets and changes therein are classified as follows:

Permanently restricted net assets - Net assets subject to donor-imposed stipulations that they be maintained permanently by the Foundation. Generally, the donors of these assets permit the Foundation to use the returns on the related investments over time for general or specific purposes.

Temporarily restricted net assets - Net assets subject to donor-imposed stipulations that may or will be met by actions of the Foundation and/or the passage of time. Temporarily restricted net assets are generally established in support of colleges or departments of the University, often for specific purposes such as faculty support, scholarships and fellowships, library acquisitions, equipment or building projects and other specific purposes.

Unrestricted net assets - Net assets not subject to donor-imposed stipulations.

Revenues are reported as increases in unrestricted net assets unless use of the related assets is limited by donor-imposed restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets their use is restricted by explicit donor stipulation or by law. Restricted contributions and net investment returns earned are reported as temporarily restricted support and reclassified as unrestricted when any donor-imposed restrictions are satisfied. Expirations of temporary restrictions on net assets are met when a donor stipulated time restriction ends or purpose restriction is accomplished and reclassified to unrestricted net assets and reported in the consolidated statement of activities as net assets released from restriction.

Contributions, including unconditional promises to give, are recognized as revenues in the period received. Conditional promises to give are not recognized until the conditions on which they depend are substantially met. Contributions of assets other than cash are recorded at their estimated fair value. Contributions receivable are discounted at an appropriate rate commensurate with the risks involved. Amortization of the discount is recorded as additional contribution revenue in accordance with donor-imposed restrictions on the contributions. An allowance for uncollectible contributions receivable is provided based upon management's judgment of such factors as prior collection history, type of contribution and nature of the fund-raising activity.

Income and realized net gains on long-term investments are reported as follows:

- As increases in permanently restricted net assets if the terms of the gift require that they be added to the principal of a permanent endowment fund.
- As increases in temporarily restricted net assets if the terms of the gift impose restrictions on the use of the income.
- As increases in unrestricted net assets in all other cases.

Cash and Cash Equivalents

Cash and cash equivalents include all readily available sources of cash such as petty cash, demand deposits and temporary investments in marketable securities with maturities of less than three months. Cash and cash equivalents representing investments purchased with endowment net assets are reported as investments.

At various times throughout the year, the Foundation has cash in certain financial institutions in excess of insured limits. Additionally, at June 30, 2018 and 2017, \$2,305,000 and \$1,416,000, respectively, was collateralized with securities held by the financial institution's trust department or agent, but not in the Foundation's name. At June 30, 2018 and 2017, balances of \$10,491,000 and \$9,372,000, respectively, were neither insured nor collateralized.

Loans and Accounts Receivable

Loans receivable consists primarily of loans made to students under privately funded loan programs. The advances are evidenced by signed promissory notes, bearing interest at varying stated interest rates, with varying due dates. Loans, accounts and other receivables are stated at the amount management expects to collect from outstanding balances. Management provides for a probable uncollectible allowance based on its assessment of the current status of individual accounts. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to accounts receivable. The allowance for doubtful accounts as of June 30, 2018 and 2017 was approximately \$120,000 and \$125,000, respectively.

Investments

Investments in equity securities with readily determinable fair values and all debt securities are reported at their fair value. The estimated fair value of investments is based on quoted market prices, except for investments for which quoted market prices are not available. The alternative investments, which are not readily marketable, are carried at estimated fair values as provided by the investment managers. The estimated fair value of certain alternative investments, such as private equity interests, is based on valuations provided by the external investment managers adjusted for cash receipts, cash disbursements and distributions. The Foundation believes the carrying amount of these financial instruments is a reasonable estimate of fair value. Because alternative investments are not readily marketable, their estimated value is subject to uncertainty and therefore may differ from the value that would have been used had a ready market for such investments existed. Such difference could be material.

The Foundation invests its endowment investment portfolio and allocates the related earnings for expenditure in accordance with the total return concept. A distribution of endowment return that is independent of the cash yield and appreciation (depreciation) of investments earned during the year is provided for program support.

The Foundation has significant exposure to a number of risks including interest rate, market and credit risks for both marketable and nonmarketable securities. Due to the level of risk exposure, it is possible that near-term valuation changes for investment securities may occur to an extent that could materially affect the amounts reported in the Foundation's consolidated financial statements.

All true endowment investments and long-term net assets functioning as endowments are managed in a pool, unless special considerations or donor stipulations require that they be held separately.

Land and Land Improvements

At June 30, 2018 and 2017, land and land improvements (in thousands) consisted of:

	2018		2017	
Type of asset:				
Land	\$	178	\$	178
Land held for future use by the University		162		162
Land improvements		208		208
Total land and land improvements	\$	548	\$	548

Assets acquired for Foundation use with a useful life greater than one year and a value of \$5,000 or more are capitalized. Annual depreciation for land improvements is calculated on a straight-line basis, beginning in the month of acquisition based on a useful life of 30 years. At June 30, 2018 and 2017 all land improvements were fully depreciated.

Assets purchased or constructed through the Foundation for immediate use by the University are recorded by the Foundation as a program expense.

Transfers Between Fair Value Hierarchy Levels

Transfers in and out of Level 1 (quoted market prices), Level 2 (other significant observable inputs) and Level 3 (significant unobservable inputs) are recognized on the actual transfer date.

Reclassifications

Certain items have been reclassified for the year ended June 30, 2017 in order to conform to classifications used for the year ended June 30, 2018. These reclassifications had no effect on total net assets or the change in net assets.

NOTE C – PROPERTY LEASES

At June 30, 2018, the Foundation owned properties subject to lease agreements with unrelated parties, as follows:

One property is subject to a lease covering approximately 23 acres of Foundation land. The lease is for 48 years ending on July 31, 2040, with four additional lease option terms of ten years each. All lease payments were current as of June 30, 2018 and 2017. As a condition of the lease, the Foundation has executed fee title mortgages to institutional lenders which subordinates its title in the real estate leased as security for construction financing of permanent improvements thereon. Any improvements constructed on the leased property of the Foundation shall become the property of the Foundation only upon termination of the lease or termination of the last such renewal term as may be exercised.

A second property is subject to a property lease and easements covering approximately .2 (two tenths) acre of Foundation land. The initial lease term was 5 years, beginning January 1, 1997, with nine additional 5-year automatic renewals at the option of the lessee. All lease payments were current as of June 30, 2018 and 2017.

Rental Income was \$131,000 and \$130,000 for the years ended June 30, 2018 and 2017, respectively.

The following is a schedule by years of the future rentals receivable (in thousands) on property leases as of June 30, 2018:

Year ending June 30	
2019	131
2020	131
2021	142
2022	135
2023	126
2024 and thereafter	 2,562
Total future rentals	\$ 3,227

NOTE D – UNCONDITIONAL AND CONDITIONAL PROMISES TO GIVE

Unconditional promises to give that are expected to be collected in future years are recorded at the present value of estimated future cash flows. The discounts are computed using a risk free interest rate and amortization of the discount is included in gifts and bequests revenue.

At June 30, 2018 and 2017, the Foundation recognized contributions based on the following unconditional promises to give (in thousands):

	2	018	2017
Purpose:			
Endowment giving	\$	827 \$	1,053
Capital purposes		2,050	4,080
Operating programs		1,794	1,398
Gross unconditional promises		4,671	6,531
Less: Discount and allowance			
for uncollectible accounts		(222)	(328)
Net unconditional promises to give	\$	4,449 \$	6,203
Amounts due in:			
Less than one year		3,125	3,178
One to five years		1,516	3,333
More than five years		30	20
Total	\$	4,671 \$	6,531

The discount rates used to calculate the present value of contributions receivable at June 30, 2018 and 2017 vary from 1.2% to 3.4%, depending on when the promise was made.

Conditional promises to give are not included as support until such time as the conditions are substantially met. The Foundation had received conditional promises to give of approximately \$3.1 million at June 30, 2018 and \$1 million at June 30, 2017, consisting of the face value of life insurance policies, net of accumulated cash surrender value, as well as a conditional promise of \$2.1 million from a single donor in 2018.

Approximately 44% of total pledges receivable were due from one donor at June 30, 2018. Approximately 61% of total pledges receivable were due from one donor at June 30, 2017.

NOTE E – FAIR VALUE MEASUREMENTS

The three levels of the fair value hierarchy under generally accepted accounting principles are described as follows:

Level 1 – Quoted prices in active markets for identical assets or liabilities

Level 2 – Observable inputs other than Level 1 prices, such as:

- Quoted prices for similar assets or liabilities;
- Quoted prices for identical or similar assets or liabilities in inactive markets;
- Other inputs that are observable for the asset or liability;
- Other inputs that are derived principally from or corroborated by observable market data by correlation or other means.

If the asset or liability has a specified (contractual) term, the level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value measurement.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

Following is a description of the valuation methodologies used for assets measured at fair value:

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy. Level 1 investments include short term money market funds, cash surrender value, fixed income funds and equity funds.

Level 2 investments are based on quoted prices of securities or other property with similar characteristics and include a remainder interest in real property subject to a life estate.

Level 3 investments include those in which there is no active market. The Foundation holds no Level 3 investments at June 30, 2018 or 2017.

The Foundation adopted Accounting Standards Update 2015-07 which eliminates the requirement that investments valued using the net asset value expedient be categorized as Level 2 or 3. These investments are now shown in a separate column on the table below. This treatment was applied retrospectively.

The following assets were measured at fair value on a recurring basis as of June 30, 2018 (in thousands):

		Fair Value Measurements Using							
	Total	Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)	Investments Measured at NAV				
June 30, 2018									
Type of Investment:									
Short-term money market funds	\$ 8	\$ 8	\$ -	\$ -	\$ -				
Cash surrender value	429	429	-	-	-

Investment return (in thousands) for the years ended June 30, 2018 and 2017 consists of:

	2018	2017
Interest and dividend income	\$ 1,928	\$ 1,135
(net of investment fees: 2018 - \$652, 2017 - \$593)

Net unrealized gains (losses)	3,537	8,120
	\$ 7,009	\$ 11,261

The Foundation records the cost of managing its endowment portfolio as a decrease in investment income within the appropriate net asset class in the consolidated statement of activities. Some of the Foundation's investment managers report investment transactions net of fees. The fees noted above are only those fees separately stated by the managers.

The investments of the Foundation are commingled with certain investments which the Foundation holds in trust for the University. The market value of funds held in trust for the University at June 30, 2018 and 2017 was approximately \$13,431,000 and \$12,968,000 respectively. (See Note I)

At June 30, 2018 and 2017, the Foundation had committed approximately \$44.1 and \$39.1 million, respectively, of its endowment investment resources to alternative investments, of which approximately \$9.5 and \$7.5 million, respectively, had not yet been called by the investment managers. Alternative investments for which commitments have been made consist of private equity/debt, natural resources, private real estate and low-volatility.

Alternative investments of the Foundation have limited marketability and the related investment agreements generally contain restrictive redemption provisions to the extent that the underlying investments should be considered illiquid for the duration of the investment through normal maturity. Early redemption of such investments would likely result in recovery of significantly less than the original investment amount. Foundation management believes the investment portfolio contains sufficient liquidity among other asset classes to make early redemption of alternative investments unlikely for reasons of meeting current spending needs.

NOTE G – ENDOWMENTS

The Foundation's endowment consists of 321 individual funds established for a variety of purposes. Its endowment includes both donorrestricted funds and funds designated by the Board of Directors to function as endowments (quasi-endowments). Net assets associated with endowment funds, including quasi-endowments, are classified and reported based on the existence or absence of donor-imposed restrictions. The board, at their discretion, can at any time permit spending from the principal of any quasi-endowed fund, provided the expenditure complies with any donor-imposed restrictions related to the fund.

Kentucky enacted the Kentucky Uniform Prudent Management of Institutional Funds Act (KUPMIFA), the provisions of which apply to endowment funds existing on or established after enactment, with an effective date of July 15, 2010.

An interpretation of KUPMIFA provisions by the Foundation Board of Directors requires that the historical dollar amount of a donor-restricted endowment fund be preserved. As a result of this requirement, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, and (b) the original value of subsequent gifts to the permanent endowment. In the absence of donor restrictions, the net appreciation on a donor-restricted endowment fund is spendable. The net appreciation of donor-restricted net assets until those amounts are appropriated for expenditure by the Foundation.

Under KUPMIFA, the Foundation endowment spending policy allows for prudent spending of future endowment earnings for accounts without accumulated earnings based upon consideration of the following factors, if applicable:

Duration and preservation of the endowment fund Purpose of the institution and the endowment fund General economic conditions Possible effect of inflation or deflation Expected total return on investments Other resources of the institution Investment policy

The approved annual endowment spending rate is reduced by a proportion of 5% for each 1% the affected endowment is below the value of original and subsequent gifts to the permanent endowment (i.e. principal).

Return Objectives and Risk Parameters. The Foundation has adopted investment and spending policies, approved by the Board of Directors, for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment while seeking to maintain the purchasing power of these endowment assets over the long-term. The Foundation's spending and investment policies work together to achieve this objective. The investment policy establishes an achievable return objective through diversification of asset classes. The current long-term return objective is to return a rate equal to the Consumer Price Index +5%, net of investment fees. Actual returns in any given year may vary from this amount.

Strategies Employed for Achieving Objectives. To satisfy its long-term rate-of-return objectives, the Foundation relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Foundation targets a diversified asset allocation that includes fixed income investments as well as publicly traded equity-based investments and various alternative investment strategies to achieve its long-term return objectives within prudent risk parameters.

Spending Policy and How the Objectives Relate to Spending Policy. The spending policy calculates the amount of money annually distributed from the Foundation's various endowed funds, for grant making and administration. The current spending policy is to distribute an amount at least equal to 3-5% of a moving sixteen quarter average of the fair value of the endowment funds. Accordingly, over the long term, the Foundation expects its current spending policy to allow the Foundation to meet its objective to maintain the historical dollar amount of endowment assets as well as to provide additional real growth through investment return.

Funds with Deficiencies. From time to time, the fair value of assets associated with individual donor restricted endowment funds may fall below the level that the donor or KUPMIFA requires the Foundation to retain as a fund of perpetual duration. Deficiencies of this nature that are reported in unrestricted net assets were approximately \$1,000 at June 30, 2018. The deficiencies resulted from unfavorable market conditions that occurred after the investment of permanently restricted contributions and continued appropriation for certain programs that was deemed prudent by the Board of Directors. There were no such deficiencies at June 30, 2017.

NOTE H – CONTINGENT LIABILITIES

Legal counsel for the Foundation have advised that they know of no pending or threatened litigation, claims or assessments involving the Foundation that could have a material adverse financial effect on the Foundation.

NOTE I – REGIONAL UNIVERSITY EXCELLENCE TRUST FUND

The Foundation holds certain funds, consisting of endowment matching funds received by the University from the Commonwealth of Kentucky's Regional University Excellence Trust Fund, which were subsequently transferred to the Foundation for management and investment.

The Foundation reports these funds and accumulated earnings as assets held in trust for the University. Investment earnings, gains and losses and expenditures from these funds are reported as changes in the balance held in trust, rather than as revenue and expenses of the Foundation. (See Note F)

NOTE J – SUBSEQUENT EVENTS

Events occurring after June 30, 2018 have been evaluated for possible adjustment to the consolidated financial statements or disclosure through September 10, 2018, the date on which the consolidated financial statements were available to be issued.

NOTE K – RELATED PARTY TRANSACTIONS

During the years ended June 30, 2018 and 2017, the Foundation made payments on behalf of the University of \$320,000 and \$396,000, respectively, for salaries, benefits, and other administrative costs for University staff that directly support the Foundation's operations. These payments are made by agreement between the Foundation and University. Approximately \$5,000 as of June 30, 2018 and \$40,000 as of June 30, 2017 was owed to the University for such costs.

In support of University Programs, the Foundation incurred program expenses of \$8,885,000 and \$6,413,000 for 2018 and 2017, respectively, which consisted of payments on behalf of the University of \$4,128,000 and \$3,710,000, for 2018 and 2017, respectively; and amounts transferred to the University for restricted purposes of \$4,757,000 and \$2,703,000 for 2018 and 2017, respectively.

NOTE L – FUTURE CHANGES IN ACCOUNTING PRINCIPLES

Revenue Recognition

The Financial Accounting Standards Board amended its standards related to revenue recognition. This amendment replaces all existing revenue recognition guidance and provides a single, comprehensive revenue recognition model for all contracts with customers. The guidance provides a five-step analysis of transactions to determine when and how revenue is recognized. Other major provisions include capitalization of certain contract costs, consideration of the time value of money in the transaction price and allowing estimates of variable consideration to be recognized before contingencies are resolved in certain circumstances.

The amendment also requires additional disclosure about the nature, amount, timing and uncertainty of revenue and cash flows arising from customer contracts, including significant judgments and changes in those judgments and assets recognized from costs incurred to fulfill a contract. The standard allows either full or modified retrospective adoption effective for annual periods beginning after December 15, 2018, for nonpublic entities (December 15, 2017, for not-for-profits that are conduit debt obligors), and any interim periods within annual reporting periods that begin after December 15, 2019, for nonpublic entities (December 15, 2018, for not-for-profits that are conduit debt obligors). The Foundation is in the process of evaluating the impact the amendment will have on the consolidated financial statements.

Presentation of Financial Statements for Not-for-Profit Entities

The Financial Accounting Standards Board recently issued Accounting Standards Update (ASU) No. 2016-14, Presentation of Financial Statements of Not-for-Profit Entities, which changes requirements for financial statements and notes of all not-for-profit (NFP) entities and is effective for fiscal years beginning after December 15, 2017.

A summary of the changes by financial statement area most relevant to the Association are as follows:

Statement of financial position:

• The statement of financial position will distinguish between two new classes of net assets - those with donor-imposed restrictions and those without. This is a change from the previously required three classes of net assets - unrestricted, temporarily restricted and permanently restricted.

Statement of activities:

- Expenses are reported by both nature and function in one location.
- Investment income is shown net of external and direct internal investment expenses. Disclosure of the expenses netted against investment income is no longer required.

Notes to the financial statements:

- Enhanced quantitative and qualitative disclosures provide additional information useful in assessing liquidity and cash flows available to meet operating expenses for one-year from the date of the statement of financial position.
- Amounts and purposes of governing Board designations and appropriations as of the end of the period are disclosed.

The Foundation is in the process of evaluating the impact the amendment will have on the consolidated financial statements.

Accounting for Leases

The Financial Accounting Standards Board amended its standard related to the accounting for leases. Under the new standard, lessees will now be required to recognize substantially all leases on the balance sheet as both a right-of-use asset and a liability. The standard has two types of leases for income statement recognition purposes: operating leases and finance leases. Operating leases will result in the recognition of a single lease expense on a straight-line basis over the lease term similar to the treatment for operating leases under existing standards. Finance leases will result in an accelerated expense similar to the accounting for capital leases under existing standards. The determination of lease classification as operating or finance will be done in a manner similar to existing standards. The new standard also contains amended guidance regarding the identification of embedded leases in service contracts and the identification of lease and nonlease components in an arrangement. The new standard is effective for annual periods beginning after December 15, 2019, and any interim periods within annual reporting periods that begin after December 15, 2019. The Foundation is evaluating the impact the standard will have on the consolidated financial statements.

Section A. All Supporting Organizations

- 1 Are all of the organization's supported organizations listed by name in the organization's governing documents? If "No," describe in **Part VI** how the supported organizations are designated. If designated by class or purpose, describe the designation. If historic and continuing relationship, explain.
- 2 Did the organization have any supported organization that does not have an IRS determination of status under section 509(a)(1) or (2)? If "Yes," explain in **Part VI** how the organization determined that the supported organization was described in section 509(a)(1) or (2).
- **3a** Did the organization have a supported organization described in section 501(c)(4), (5), or (6)? If "Yes," answer (b) and (c) below.
- **b** Did the organization confirm that each supported organization qualified under section 501(c)(4), (5), or (6) and satisfied the public support tests under section 509(a)(2)? If "Yes," describe in **Part VI** when and how the organization made the determination.
- **c** Did the organization ensure that all support to such organizations was used exclusively for section 170(c)(2)(B) purposes? If "Yes," explain in **Part VI** what controls the organization put in place to ensure such use.
- 4a Was any supported organization not organized in the United States ("foreign supported organization")? If "Yes," and if you checked 12a or 12b in Part I, answer (b) and (c) below.
- **b** Did the organization have ultimate control and discretion in deciding whether to make grants to the foreign supported organization? If "Yes," describe in **Part VI** how the organization had such control and discretion despite being controlled or supervised by or in connection with its supported organizations.
- **c** Did the organization support any foreign supported organization that does not have an IRS determination under sections 501(c)(3) and 509(a)(1) or (2)? If "Yes," explain in **Part VI** what controls the organization used to ensure that all support to the foreign supported organization was used exclusively for section 170(c)(2)(B) purposes.
- 5a Did the organization add, substitute, or remove any supported organizations during the tax year? If "Yes," answer (b) and (c) below (if applicable). Also, provide detail in **Part VI**, including (i) the names and EIN numbers of the supported organizations added, substituted, or removed; (ii) the reasons for each such action; (iii) the authority under the organization's organizing document authorizing such action; and (iv) how the action was accomplished (such as by amendment to the organizing document).
- **b Type I or Type II only.** Was any added or substituted supported organization part of a class already designated in the organization's organizing document?
- c Substitutions only. Was the substitution the result of an event beyond the organization's control?
- 6 Did the organization provide support (whether in the form of grants or the provision of services or facilities) to anyone other than (i) its supported organizations, (ii) individuals that are part of the charitable class benefited by one or more of its supported organizations, or (iii) other supporting organizations that also support or benefit one or more of the filing organization's supported organizations? *If* "Yes," *provide detail in Part VI.*
- 7 Did the organization provide a grant, loan, compensation, or other similar payment to a substantial contributor (defined in section 4958(c)(3)(C)), a family member of a substantial contributor, or a 35% controlled entity with regard to a substantial contributor? *If* "Yes," *complete Part I of Schedule L (Form 990 or 990-EZ).*
- 8 Did the organization make a loan to a disqualified person (as defined in section 4958) not described in line 7? If "Yes," complete Part I of Schedule L (Form 990 or 990-EZ).
- **9a** Was the organization controlled directly or indirectly at any time during the tax year by one or more disqualified persons as defined in section 4946 (other than foundation managers and organizations described in section 509(a)(1) or (2))? *If* "Yes," *provide detail in Part VI.*
- **b** Did one or more disqualified persons (as defined in line 9a) hold a controlling interest in any entity in which the supporting organization had an interest? *If* "Yes," *provide detail in Part VI.*
- **c** Did a disqualified person (as defined in line 9a) have an ownership interest in, or derive any personal benefit from, assets in which the supporting organization also had an interest? *If* "Yes," *provide detail in* **Part VI.**
- **10 a** Was the organization subject to the excess business holdings rules of section 4943 because of section 4943(f) (regarding certain Type II supporting organizations, and all Type III non-functionally integrated supporting organizations)? *If* "Yes," *answer 10b below.*
 - **b** Did the organization have any excess business holdings in the tax year? (Use Schedule C, Form 4720, to determine whether the organization had excess business holdings.)

General Rule

For an organization filing Form 990, 990-EZ, or 990-PF that received, during the year, contributions totaling \$5,000 or more (in money or property) from any one contributor. Complete Parts I and II. See instructions for determining a contributor's total contributions.

Special Rules

For an organization described in section 501(c)(3) filing Form 990 or 990-EZ that met the 33 1/3 % support test of the regulations under sections 509(a)(1) and 170(b)(1)(A)(vi), that checked Schedule A (Form 990 or 990-EZ), Part II, line 13, 16a, or 16b, and that received from any one contributor, during the year, total contributions of the greater of (1) \$5,000 or (2) 2% of the amount on (i) Form 990, Part VIII, line 1h, or (ii) Form 990-EZ, line 1. Complete Parts I and II.

For an organization described in section 501(c)(7), (8), or (10) filing Form 990 or 990-EZ that received from any one contributor, during the year, total contributions of more than \$1,000 *exclusively* for religious, charitable, scientific, literary, or educational purposes, or for the prevention of cruelty to children or animals. Complete Parts I, II, and III.

For an organization described in section 501(c)(7), (8), or (10) filing Form 990 or 990-EZ that received from any one contributor, during the year, contributions *exclusively* for religious, charitable, etc., purposes, but no such contributions totaled more than \$1,000. If this box is checked, enter here the total contributions that were received during the year for an *exclusively* religious, charitable, etc., purpose. Don't complete any of the parts unless the **General Rule** applies to this organization because it received *nonexclusively* religious, charitable, etc., contributions totaling \$5,000 or more during the year

Caution: An organization that isn't covered by the General Rule and/or the Special Rules doesn't file Schedule B (Form 990, 990-EZ, or 990-PF), but it **must** answer "No" on Part IV, line 2, of its Form 990; or check the box on line H of its Form 990-EZ or on its Form 990-PF, Part I, line 2, to certify that it doesn't meet the filing requirements of Schedule B (Form 990, 990-EZ, or 990-PF).
